My dear H.B.,

I failed to stop over in Austin last summer when I returned from my vacation, as I was called back by wire to come for the 2d term and did not have time to stop anywhere. I have therefore decided now to go to Austin for my Christmas vacation. Do you happen to know of some convenient accomodation for a couple of weeks? I do not care for a room with a private bath necessarily, but I should like to have hot and cold running water in the room. Might you know of some not-expensive hotels in the vicinity of the University?

How is everything going? Happy and contented in your new habitat?

Anticipating your earliest reply, I am, with regards to the family,

Yours

H. H.
