Media Survey

Physical Activity Partnership for Girls

Girls between 11 and 14 years who live in Westside San Antonio are invited to participate in this media survey.

- This survey will ask questions about:
  - Access to cell phones, internet, computers, gaming systems, and social media sites.
  - Cell phone features (such as, smart phone, texting, internet access, camera-ready)
  - Type of gaming systems (such as, Wii fit, sport, resort or Dance Dance Revolution)
  - Frequency of use (# days and hours)
  - Parental rules regarding use
- Results will inform development of an intervention which uses technology to communicate with girls.
