Complimentary Recitals

Are Soon to be Commenced by the University Band to Continue Throughout the Session

The University Band is undoubtedly the most enterprising and public spirited organization in the University. Under the guidance of Professor E. P. Schoch the membership has been greatly increased, many new and costly instruments have been secured, and an appropriate place has been set aside for the regular practice.

The latest enterprise of the organization is the giving of complimentary recitals at regular intervals during the session to the University public and their friends. The Spring "campus concerts" will simply be a continuation of these musical events, all of which are to be concerts in the true meaning of the term, and not merely the playing of a few two-steps or "rags."

The first of these complimentary entertainments will be given next week and the following is in part the program to be rendered:

1. March. "Salute to the Stars and Stripes."
2. Grand Selection from Il Trovatore for Baritone (Mr. S. Glaser.)
3. "Love's Dream after the Ball," Petite Valse.
4. "Country Life," Characteristic Piece "Traps," kindly loaned and played by Mr. Ed Besserer.
5. My Rosary—By Nevin.
   Cornet Solo—Dr. Baxter.
6. Garotte—"Spring Blossoms."
7. "Ma Lady Lindy," Intermezzo.
8. Sextett, from "Lucia di Lamermoor."
9. Intermezzo, "Dancing Waves."
10. American Patrol—March.

Such concerts will certainly add much to the pleasure of the students and the general 'Varsity public, and the University is to be congratulated upon having such a public spirited and enterprising organization.

FROM "THE HUSTLER."

The following are some of the comments on the Texas-Vanderbilt game, taken from the "Hustler":

Craig's work in Saturday's game was the most phenomenal seen here in many days, considering the strength of the opposing team.

Captain Robinson is one of the best men who has played on Dudley Field in a long time. He is more than that; he is a gentleman.

McMahon at balfback played a good game for the visitors, and it is hard to see why he was taken out of the game.

Kyle kicked the only field goal so far on Dudley Field. It was a nice one and fairly split the post.

SUMMARY OF TRIP

Varsity Team Returns Sunday After Ten Days Trip—Three Hard Games Played.

After a hard ten days' trip, the Varsity team has returned. Three games were played, of which Texas won one and lost two. In the first game Vanderbilt clearly outclassed, outweighed and outplayed the plucky Longhorns. In the Arkansas game 'Varsity should have won by a substantial score as she carried the ball down the field to the five-yard line four times in the first twenty minutes of play. Unfortunate fumbles and a knowledge of Texas' signals by the Travellers, kept her from scoring. McMahons' drop kick turned the game in 'Varsity's favor by the score of 4 to 0. During the whole game Arkansas was outplayed, making only one first down in the game.

The third game, with Oklahoma, should have been a tie, and would have been, but for the incompetency of the officials. However, the teams were very evenly matched, Texas having about one pound average weight per man in her favor. Both teams were also very nearly equal as to offensive and defensive play.

Near the end of the second half, with the ball in Texas' possession on her five yard line, Wilkerson gave the signal for a line buck. On an off-side play just as Captain Robinson took the ball, Severn, Oklahoma's center, broke through the line, tackled him and with several Oklahoma men back of him, pushed "Mogul" across the goal line. It was clearly an offside play, and besides Captain Robinson called "down" as soon as he was tackled. Here the officials should not have allowed the two points to stand in Oklahoma's favor. During the major part of the game, especially in the first half, the ball was kept in Oklahoma's territory. The game ended with the score, Oklahoma 2, Texas 0.

On the whole the trip was very beneficial to the men. Better team work was developed and the experience only to be obtained by meeting good strong teams was gained. The greenness was rubbed off and the whole team strengthened. Although the men were a bit used up on the trip, steady practice has been going on since Monday and the team is in tip-top shape to meet Kentucky this afternoon. Coach Hutchinson has worked hard and has perfected the team in the style of play to be used. Captain Mogul Robinson is in good form and will lead Texas on to victory. Nine rahs for the team!

Mr. Fisher deserves great credit for the way in which he managed the bunch of Longhorns. Everything was done to make the trip as pleasant and profitable as possible.

COACH HUTCHISON

CAPTAIN ROBINSON

THE Y. M. C. A.

Flourishing Condition of that Important Organization.

The informal meeting of the Y. M. C. A. last Sunday proved to be the most interesting and best attended service of any this year. Old familiar hymns were sung and sentence prayers were offered by different members of the association. A prayer by Dr. Jewett and a song by the quartette were followed by short talks by the members. Mr. Glasscok was first to address the association. C. D. King gave an enthusiastic talk on the peculiar work of the Y. M. C. A. in drawing together young men who know each other's ideals. C. U. Moore and T. A. Keith followed with personal experiences. Mr. Patton spoke of the Freshman's need of the Y. M. C. A., and W. S. Pope spoke of the growth and increasing helpfulness of the association. Mr. Atkinson closed this interesting series of talks. The service was concluded by a solo from Mr. Gray.

A business meeting was held immediately after the close of the devotional exercises. The reports from the various standing committees were submitted. Thirteen new members were received, making a total membership of one hundred and twenty. The amount or $25 was subscribed as a contribution to the International Y. M. C. A. work. The reports show that the subscription for our part of the fund for a College State Secretary is well under way. It is reasonably certain that a Texas man of several years experience will be secured by the first of January.

The association meets at 3 p. m. every Sunday in room 71 on second floor of the main building. The announcements for next Sunday will be posted on the bulletin boards later in the week. Every one is cordially invited to attend.

THE ASHBEL.

The Ashbel Literary Society held its regular meeting on November 1. The program committee, Misses Stedman, Pfeifer, Perfect and Knox, made a report on the Year Book for 1905-1906. Plans are being made for the year's study, as well as for the annual open meeting. Five new members, Misses Pfeifer, Weller, Stratton, Greer and McCormick, were installed at beginning of the term.

BETA THETA PI INITIATION.

Monday night, the members of Beta Theta Pi introduced Mr. Ralph Robinson, B. A. '09, of Austin into the mysteries of the fraternity. A banquet in his honor will be given tonight at the Driskill.

LOCALS.

The changes now taking place along the approach to the main entrance will have a beautifying effect. The old driveway has been covered with rich soil and grass is being planted there. It is intended to make a large flower bed immediately in front of University steps. In its center will be a small fountain. The whole change means a great improvement in the appearance of the grounds.

The weather signals placed on the flagpole of the main building are attracting much attention. Cards have been placed on all the bulletin boards explaining the meaning of the different flags and ensigns.

The advertisement party, which was to have been given Saturday evening in the Girls' Gymnasium of the Woman's Building, has been postponed indefinitely out of respect to Mrs. Kirby.

The girls will probably play the class match games of basketball some time before Christmas.

On Friday afternoon President Houston addressed the sorority girls of this institution. His talk was very tactful and interesting, as well as helpful. The girls feel that all he said was true, and appreciate his interest in them. They see the position in which the president is placed, and will do their best to manage their affairs after this so that he will have no trouble in defending their presence in this school.

The Kappa Alpha Thetas held their initiation ceremony Monday night. The following were the initiates: Misses Gibbs, Flack, Greenwood, Garrett and Nash.

Saturday the first cross country run of the season will take place. The start will be made at Gym. and the course will extend over two miles. All those who wish to take part in the run are asked to be ready at the Gym. at 4:30 p. m.

Quite a number of the students have made brief trips to the Dallas Fair. They report the fair to be the best ever held there.

Last Wednesday a meeting of the Students' Council was called to fill the vacancy on the Cactus Board. Mr. Paul Montgomery was elected to fill the place of Mr. R. R. Smith, resigned.

The Fresh reception this year promises to be a very brilliant social function. All the committees are hard at work and everybody is enthusiastic.

The whole body of students deeply sympathize with Mrs. Kirby in her sorrow occasioned by the death of her sister, Miss Gertrude Swearingen, which occurred in San Antonio last Tuesday. The young ladies of the University sent a thoughtful token of their sympathy in the form of a large bouquet of white chrysanthemums.

Lost.

Leather watch fob, bearing "U. T." design. Finder, if any, please leave with Registrar and receive THANKS.

ALUMNI NOTES.

Miss Ada Garrison is visiting relatives in Nacogdoches, where she has been ever since her return from New York in September. Miss Garrison is expected home about Christmas time.

Mr. Budley Fisher was married on the eighth of this month to Miss Lucile Watham, at the home of the bride in Dallas. Mr. and Mrs. Fisher will make their home in this city.

Miss Annie Townes is spending the winter in Bryn Mawr College in Pennsylvania on a scholarship from this institution.

Mr. M. C. Welborn now has the position of chief engineer in a construction party of the Southern Pacific, located between Stockdale and San Antonio.

Miss Dasie Womack is teaching school in Brownwood.

Miss Alice Carmen is teaching in a private school in Houston.

Miss Ima Culley has a position in the Houston schools.

Miss Nellie Brown, who graduated here a year or so ago, has returned to pursue her work still further.

Miss Birdie Atwell of Fort Worth is spending the year in Europe. She will re-enter the 'Varsity next session.

Mr. Balenger Mills, law '01, of the Galveston bar, is to be married in the near future.

Miss Kate Jenkins, '04, is teaching in the Austin public schools, also taking some work in the University.

Miss Alice Megee, '04, holds a position in Switzer College, Itasca.

Editor Buckley of the Cactus is practically well, and work on the publication has begun. The pictures are to be taken earlier this year to avoid unpleasant complications which formerly resulted from procrastination in the matter, and the time for class pictures has already come. As is announced elsewhere in this issue, all the seniors are urged to go down during the coming week for their sittings, and the other classes will have their "sittings" in a short while.

The Elliotts are better prepared than ever to make good pictures. They have a light big enough to be independent of the clouds. Any weather will do for a sitting.

C. F. Rumpel's book and art store is headquarters for picture framing, Parker's Fountain Pens, Nelson's Bibles, and all the novelties of the season.

The Elliotts have returned from Dallas where they carried all before them at the Photographers' Convention.

Patronize The Texan advertisers; they support student enterprises, and turn about is fair play.

Don't miss Mr. Lanham's presentation of "Still Waters Run Deep" on Tuesday night.

A WORLD OF WARMTH

and COMFORT in this new Fall Overcoat. Generous in proportions with full "sweep." Easy to wear, its weight isn't a drag because it is balanced just right. Finest example of skilled overcoat making in America — and shows it. Prices range from $12.50 to $25.00.

PERSONAL MENTION.

Will Orgain spent several days in Bastrop recently, visiting relatives and friends.

Barney Brooks, '05, spent Sunday and Monday with old associates here. Mr. Brooks is teaching in Coronal Institute, San Marcos.

I. J. Curtsinger, '04, spent a day or two in the city the early part of the week. He holds a position in the faculty of the Gonzales High School.

Miss Agnes Kirkland spent a few days at her home in Dallas during the fair.

Miss Batchelder had a slight attack of sickness last week, but is well again.

Miss Kitty Devine returned Monday night from her home in San Antonio to resume her studies in the University.

Miss Mary Hilliard, who has been quarantined for some time in Louisiana. arrived Sunday, and is domiciled at the Woman's building.

Burke Baker and Tom Leachman spent several days at the Dallas Fair last week.

Miss Bernice Allen is the latest pledge of the Kappa Kappa Gammas.

Mrs. W. L. Prather is spending several weeks in Marlin for health. She has been suffering from rheumatic trouble for some time, and it is hoped by her host of friends that the change will completely restore her.

Dr. H. H. Brown of Yoakum visited his son, Harry, last Thursday and Friday.

Miss Willie Davis spent Sunday and Monday in San Marcus.

Editor Buckley of the Law Department is up and regaining his former strength rapidly. Work on the Cactus is to begin at once.

Giles Averette has been home spending a week with his friends at Cameron.

Bruce Teagarden has returned from a visit to Mineola and Palestine.

Maurice Wolf is great in the "King of Korea."

Registrar Williams and son, Tom, returned Monday from Temple.

Jean Baptiste Adoue spent Sunday and Monday in Dallas.

Mrs. W. H. Stratton is away on a visit to her home in Cleburne.

Miss Abbie Crane has been ill for several days lately.

Dick Wall will sing in the "King of Korea."

There are 50 people in the choruses of the "King of Korea."

STILL WATERS RUN DEEP.

This is an attraction that must necessarily attract the attention of all University students on account of the personnel of the cast. This play is managed and produced under the personal supervision of Frank Lanham, whose reputation as an actor has long since been established. It is a modern society drama and is the most ambitious performance yet attempted by amateurs in this State. The play has been rehearsed for three weeks and is well advanced. The performance is given as a complimentary benefit to the city Federation of Woman's Clubs. Featured with Mr. Lanham in the cast is Miss Mary Wortham, who has, for the last few years, played the leading parts in the Dramatic Club at Hollins, Va. This is Miss Wortham's first appearance before an Austin audience and the management fells confident that she will more than please her most critical hearers. The cast also contains Miss Lanham, Mr. Chas. Morrison, Mr. Wilson Burke and Mr. Niles Graham, none of whom needs any introduction to Austin audiences. This play will be given on or about the 14th of November, and seats will be on sale at the Hancock Opera House Box Office several days in advance. Regular prices will prevail, and no advance whatever will be made. This will probably be made the society event of the theatrical season as Mr. Lanham has a host of friends and has appeared so many times to such advantage here that his house is assured: It will be remembered that Frank, with his brother Fritz, wrote and staged the "Isle of the Huttuts," which was the most successful amateur performance ever produced in Texas. Remember the date, November 14, at the Hancock Opera House.

MINING DEPARTMENT IN RECEIPT Of RARE GIFTS.

The Mining Department of the University of California has just received two valuable additions to its laboratory equipment, gifts from the Kennedy Mining and Milling Company. The apparatus is a revolving lead-lined steel cylinder for the purpose of chlorinating gold ores under pressure, and also a lead-lined steel cylinder for the purpose of filtering solution under pressure. These gifts have already been installed and very satisfactory results have been obtained by their use.

WILL NOT MERGE.

After a long hard fight between the Faculty and Alumni, it is at last definitely decided that the Massachusetts Institute of Technology will not unite with Harvard.

President Pritchett of the Institute expresses keen regret that the "Tech." can not take advantage of the beautiful grounds and surroundings of "Old Harvard," but the owners of the property upon which the buildings stand will not permit their removal.

The Alumni, however, are jubilant over the outcome as they did not in any way desire the merger which must lose forever the name and customs of the "Tech."

The addition to the Library is a great improvement. Everybody is enjoying it very much.

THE GAME.

The game this afternoon with Kentucky University will be a veritable "tug of war." The Colonels come to Texas with a splendid record—a record which places them in the class of any University in the South or West. Early in the season they played Northwestern a tie game of 0-0, and Northwestern is easily in the class of Chicago and those leading Western elevens. Kentucky's latest victory was over Central University (Kentucky) and she swamped her rival with the score of 45-0.

Our team is in good condition, the men are hard and are determined to win. With the right sort of support our chances of victory are good—as for the support, of course that is up to you.

Next Tuesday night at Hancock's Mr. Lanham will present the popular society drama "Still Waters Run Deep," as a benefit performance for the Federation of Woman's Clubs, which is to meet in this city the following week. The success of the performance can not be doubted since the cast is composed entirely of well known favorites, who have the advantage of much experience in such productions. The students should take unusual interest in the performance. The play is good, the players better, and the profits go to the Federation.

The athletic outlook is gradually growing brighter; about half of the required money has been pledged already and if everybody does his part, there is some chance yet of pulling out of the hole. If you have not given toward this cause, which is probably the most important of all student interests, you are under obligation to your college to do so.

Various methods of raising the money have been resorted to. The management of the "King of Korea" has agreed to let the profits of the performance go toward athletics, and this will doubtless be a considerable sum, for most of the students will be there.

Loosen up and help athletics.

The Engineers' banquet will be given at the Driskill on Thursday evening, November 23. All engineers wishing to come must pay up before November 15, as tickets will on no account be sold after that date. The money is to be handed to Chairman Geisen in the Engineering Building between 2 and 3 o'clock on any day between now and the fifteenth.

A MATTER OF PUBLIC SENTIMENT.

In the Library Saturday an incident occurred which can not be passed oved by the students without both condemnation and protest. A Freshman took from the loan desk the latest bound copy of the "World's Work," which is just back from the binder, hunted through its pages for a much sought for article on cotton culture in Texas, and then took his knife and neatly removed the coveted leaves, and returned the book.

Perhaps on first thought, that does not seem so bad; but if you sift the matter down, what does it really mean? In the first place, the book was of real intrinsic value, having cost some five or six dollars, and being very difficult to replace; it was one of a valuable set, and now the whole set is marred and incomplete.

In the second place, the book was one needed by many of the students for reference, almost indispensable to quite a number. Was it fair to the rest for this one selfish individual to get the information and then destroy his source? This sort of thing simply can not go on in our institution; it did not occur for the first time Saturday, and unless something be done, may at any time occur again. There should be such a strong sentiment against such vandalism that the students themselves should put a stop to it. Charitable ones may say it was done through thoughtfulness, but not even that excuse can justify action which certainly is nothing short of theft.

THE LAW FOR FRESHMEN.

I. Thou shalt have none other college before thine own.

II. Thou shalt not bow down thyself unto the Sophomores, nor serve them.

III. Thou shalt not take the names of thy faculty in vain.

IV. Six days shalt thou labor and do all thy work. But the night-time is for thy recreation; in it thou shalt not study nor do any work, thou, nor thy roommate, nor thy pony; lest thou shatter thy constitution with arduous toil.

V. Honor the president of the University, that thy days may be prolonged in the land to which thy father hath sent thee.

VI. Thou shalt not buin.

VII. Thou shalt not make eyes at the co-eds.

VIII. Thou shalt not steal thy neighbor's umbrella.

IX. Thou shalt not bear false witness against thy boarding house.

X. Thou shalt not covet thy neighbor's foxy clothes, nor his social position, nor his meerschaum pipe, nor anything that is his; for it thou art a wise guy in due season thou shalt thyself have all these, and more.—The Lantern, Ohio State University.

$70,000 FOR M. I. T.

The Massachusetts Institute of Technology will profit to the amount of $70,000 by the will of an alumnus. Frank Hawey Cilley, a graduate of the institute, leaves that amount for the equipment and maintenance of the proposed Walker Memorial building. Walker Hall will be given up to a gymnasium and lecture rooms.

SOCIETY.

Last night Eighth Street Hall presented a brilliant scene, the occasion being a dance given by Mrs. H. A. Wroe, complimentary to her niece, Miss Jennie Knox Walker, and her cousin, Miss Edna Littlefield. The ballroom was decorated in pink and green, and the programs were in white and gold. Quite a number of University people were present. Among the guests were: Misses Helen Thornton, Helen Condit, Josephine Houghton, Texie Finley, Mabel and Singie Wooldridge, Jeanette Smith, Hattie and Lula Griffitts, Anne Ruggles, Florence West, Florence Randolph, Adele Steiner, Margaret Borough, Louise Herley, Beatrice Peeler, Mary Wortham, Nell Wortham, Mamie Peacock, Marguerite Huddle, Louise Haynie, Bessie Eilers, Hazel McNulty, Nellie Webb, Lena Thomson, Lydia Ludwig, Anne Thornton, Myrtle Randolph, Lucile Morley, Lily Campbell, Hazel Ransome, Grace Nash, Alma Proctor, Kate Martin, Lucile March Serena Gould, Grace Hill, Nellie Harris, Florence Cowan, Lel Waggener, Julia Estill, Bessie Cochran, Elizabeth Evans, Emily Maverick, Maggie Robinson, Helen and Bessie Garrison, Susie Shelton, Ada Bell Williford, Frances Dixon, Sallie Belle Weller, Dora Thornton, Dollie Belle Rutherford, Bessie Hutchings, Lilian and George Walker, Josephine Yarrington, Minnie Monkhouse, Louise Lawrence, Gussie Williams, Ellen Hilsman, Jeanette and Loraine Barton, Margaret Giesen, Laura Saul, Virdian Barham, Janie Abernathy, Alma Rather, Elizabeth Simkins, Gertrude Wroe, Libbie White, Messrs. Hugh Lamar Stone, Tom Cobbs, Sewell Meyer, John Singleton, Robert Mathews, Albert Stone, Sam Key, Ferfuson, Louis Jacoby, Fred Fisher, Arthur Mathis, Bryan Williams, Oscar Robinson, Ross Boothe, Karuls, Jones Matthews, Angus Wynne, John Townes, Joe Kerbey, Mac Kerbey, Frank Lanham and Lonnie McKean, Alfred Scott, Hugh Webb, Louis Grinnan, Herbert Walden, Tudie Thornton, Curry McCutcheon, George Brandon, George Dowell, Jerome Condit, John A. Davis, Max Bickler, Roy Rattier, Tom Butler, Roy Walker, Ralph Robinson, Allie Estill, Claude Smith, Verne Hamblen, Will Brady, George Stephens, Malcolm Graham, Ovid Kinsolving, Will Thompson, Kyle Hamblen, Lennie Schneider, Sully Roberdeau, Waverly Briggs, Earl Cornwell, Robert Megee, Grover Lewis, Brown Robbins, Leonard Robbins, Bob Belvin, Charles Peacock, Harry Haynes, Earnest Smith, Earl McCollough, Dan Ruggles, Clyde Wooley, Charlton, Oran Wroe, Johnston, Barclay, Lockridge, Wall, Rhodius, Whitesides, Blocker, Miner, Hill, Villaroso, Ankermann, Hogg, Holden, Robinson, Lothrop, Baker. Mr. and Mrs. H. A. Wroe, C. D. Johns, G. W. Littlefield, W. T. Wroe, Judge and Mrs. Simkins, Mrs. M. Harrell, Mrs. Laura Steiner, Dr. and Mrs. Ralph Steiner, Mr. and Mrs. H. P. Piner.

* * *

The past week has been very quiet among the sororities. Pledging being over, all the girls have settled down and are working hard.

* * *

Saturday night the Phi Delta Theta chapter house was the scene of an enjoyable dance, given in honor of the new members of the fraternity. The following young ladies enjoyed the hospitality of the evening: Misses Stedman, Harris, March, Evans, Thurmund, Stratton, Adoue, Kitty Searcy, Mamie Searcy, Runge, Nash, Ransome, Garrett, Sykes, Davis, Morey, Barden, Brackenridge, Weller, Pegram, Mr. and Mrs. Witt, Mr. and Mrs. Baskerville, Mrs. Stratton and Mrs. Suttan were also present.

* * *

Miss Helen Hood will be home about the fifteenth of this month. Her delay in entering has been caused by the wedding of her sister, Miss Edna, on last Tuesday at Galesburg, Ohio.

There will be the regular dance given by the University German Club tomorrow night at Protection Hall.

NOTICE, SENIORS!

The Senior Laws, the Senior Academs and the Senior Engineers are requested by the Cactus board to have their pictures taken for the Cactus some time during the coming week. The entire week will be given up at the Elliotts for this work, and all Seniors are expected to have their pictures ready for the Cactus by the end of the week.

THE MAGAZINE.

The second issue of the 'Varsity Magazine is due on the fifteenth; it will be distinctly a "Thanksgiving issue," and many appropriate features to emphasize that fact will appear.

The science of Jiu-Jitsu received a severe blow last week when Mr. Kosumi, of Harvard University, an expert in Jiu-Jitsu, was matched against Phelan Beale, an old Sewanee man, for a wrestling bout, best two out of three to win. Beale won the first fall in about one minute. During the contest Mr. Kosumi received an injury in one eye. He claims this was due to a foul by Beale, and declares his intention of going to Washington and laying the matter before President Roosevelt.—Ex.

IN THE COLLEGE WORLD.

Students' Council at A. & M.

The students' corps at the A. & M. have met for the purpose of organizing a student council. One of the objects is the suppression of cheating on examinations. The various class presidents pledged their individual support and as far as possible the support of their classes. Three men from each class were appointed to draw up a constitution.

The Baylor Band.

The citizens of Waco have subscribed $273 for the purchase of uniforms for the Baylor University Band. This was an expression of appreciation on the part of the townspeople, unsolicited by the band or the University. The Saturday night free concerts by the band were especially enjoyed.

In Minnesota.

At the University of Minnesota the Woman's League serves hot chocolate every day from 12:30 to 1:30, for the benefit of the girls of the college who bring their lunches.

S. Royal Ashby.

The place of honor in the Plain Texan, a monthly magazine, published at Weatherford, is given to a story of Oxford life by S. Royal Ashby. Mr. Ashby is Texas' Rhodes scholar at Oxford University.

A Chi Omega pin, set with pearls. Please return to any member of the fraternity. Lilian Walker.

VARSITY GO-EDS TO FORM ROOT CLUB.

As usual the co-eds will form a Rooter's Club this year, in order to secure organized rooting, singing and feminine enthusiasm at the games.

They will obtain rooters rates and a certain portion of the grand stand will be reserved for them.

Special insignia will be adopted in order to distinguish them from the rest of the crowd. In addition to the carrying of megaphones a novel and very fetching form of head gear will probably be adopted. It has been suggested that broad sombreros of maroon and gold felt be worn, and slendor coils of maroon and gold plaited ropés be carried over the arms a la lariat.

The lariats will be used during the game to make a fine display of whirling colors. These have been used in California University with great effect and a committee will be appointed to decide upon the matter for the Minnesota rooters' club.—Minnesota Daily.

STANFORD GYMNASIUM LARGEST IN AMERICA.

Work on the gymnasium at Stanford is progressing steadily, and if continued at the present rate the building will probably be ready for use by next September. The edifice is constructed on a large scale throughout, making the gymnasium the largest in the United States, and second in size to none in Europe except that at Berlin. The space occupied by the structure measures 298 by 178 feet, and the total floor area on the first floor is 39,748 square feet.

The quarter mile track, which according to the general opinion, was to have been built indoors, will be built outside immediately behind the building. This track, however, will be covered like the one in connection with the gymnasium of the University of Pennsylvania. When the completion of the covered track has been effected, all the work on the outside will be finished, as the building of the track is the only outside work now left to be done.

STANFORD TO CONSTRUCT GIRLS' ATHLETIC FIELD.

Within a few months ground will be broken for a girls' athletic field at Stanford, to be located in the field southwest of Roble Hall. The preliminary survey was made last May, when several acres were set aside for the grounds. Provisions was made for about six acres for present purposes, and a larger plot for any need for enlargement that may arise.

It is planned to begin work on the field soon after the first rains, so that by spring it will be well under way. The work will be commenced with the construction of tennis and basketball courts. These will be enclosed with high fences, and hedges will be planted to secure perfect privacy to the grounds. There will be no buildings erected for a time, as the smallness of the girls' athletic fund will not permit any heavy expenditures. The field will be sufficiently near the Roble gymnasium to allow its use in connection with the sports carried on there.—Stanford Sequoia.

CORRECT DRESS

For Receptions & Evening Wear

Our Stock is complete. Full Dress and Tuxedo Suits. Full dress Vests in white pique and silk. Full dress Shirts, Ties and Bows. White and Pearl Gloves. The new Full Dress and Tuxedo are both slightly longer than they were last season. Vicunas and unfinished Worsteds--the popular clothes.

Y. W. C. A. PINS.

Girls have Adopted a Simple Badge for the Association.

Something new in Y. W. C. A. affairs is the selection of a society pin. A design has been made and orders have been sent to the manufacturers for the pin. The design is very simple, but neat and tasteful, and will be very pleasing to all the girls in college. The pin is of sterling silver, in the shape of a small bar enameled in maroon and gold with the letters "Y. W. C. A."

The price of the pin is one dollar. All girls belonging to the Y. W. C. A. who desire to wear the society's new badge should order from the president as soon as possible.—Minnesota Daily.

This year's Carlisle Indian school football team probably will be the best Carlisle ever had. Coach Woodruff has at his disposal a squad of 53 men who are all big and husky. Ralph Kinney, the Yale guard, has been engaged to assist Woodruff, and two graduates and star players of the school are seen daily on the field, Bemis Pierce and Frank Hudson, the latter having been one of the best drop-kickers in the country in his time.

CLOTHES CLATTER.

In collardom for morning and lounge wear the smartest collar this season is the fold, with the wide opening and ends flaring away. One of the neatest of this pattern is the "Amoleck". The cravat worn with this style collar is either the English Square, tied as an Ascot or the broard three-inch four-in-hand. Solid colors are most favored, the greens, fog greys, purples and wine reds, the mode leaning toward dark and neutral shades. The smart Ascot is extremely capacious, and the rich sueudes divide approval with the standard solids.

One of the snappiest semi-dress shoes shown this fall is the "Pike," gotten out by the Crawford people and on display at Robinson's. This shoe is made on an extreme swing last, with the French wing tip and made to lace, instead of the ordinary hooks. The make up of the last is snappy in the extreme and it is far and away ahead of the ordinary styles.

The roomy, straight back, double breasted jacket with side or center vents is still the popular coat for winter. The well dressed man and the man with taste feels that in buying a ready made suit of machine made clothes that he is buying a suit made for any one of ten thousand men. A tailor made suit preserves its original design and individuality. No two men in the world are made alike, yet ready made clothes are intended for any and all shapes. It is'nt possible for clothes made to fit imaginary figures to have the lines and individuality that high class tailor made possess.

The following clipping is an extract from a speech delivered by President Roosevelt:

"The man who is content to go through life working his alma mater for an education for which he has made no adequate return, is not true to the ideals of American citizenship. He is in honor bound to make such return. He can make it in but one way; he can repay that which he owes his alma mater only by making his alma mater proud of what he does in service rendered to his fellowmen. That is the type of return we have the right to expect of the university men in this country."—The Stanford Sequoia.

Owing to an epidemic of diphtheria the cadets of the United States Naval Academy have been granted a leave of absence. This is the first time in years that the boys have ever been given an extended leave of absence.

The Army and Navy game will be at Princeton this year. The Pennsylvania railroad is double tracking the railroad in from Princeton Junction in order to handle the immense crowds expected for the game.

The Elliotts won a beautiful silver loving cup, the highest honor given by the Photographers' Association of Texas, and won again the cup offered by the paper manufacturers for best finished pictures, Dallas, November, 1905.
