Legal Quirk Detains Nouri

Kani Nouri's release from Bexar County Jail has been delayed until this morning because of a legal technicality, his attorney, Gerald Weatherly, said yesterday afternoon.

Weatherly, who had gone to San Antonio with the \$5,000 bail for Nouri yesterday afternoon, found on presenting the money that his bondsman's power of attorney had unknowingly expired several days previously.

In a phone call to the Texan from San Antonio, Weatherly said "there will be no difficulty" in getting a new power of attorney for the bondsman within a matter of hours. Then, he added, Nouri will be released "sometime Friday morning."

Nouri, University junior engineering student from Iraq, was ordered deported by the U.S. Immigration Service in hearings recently completed in San Antonio. The only charge: that he had overstayed his visa, which expired last July. But, having won a habeas corpus suit in Federal Judge Ben Rice's (San Antonio) District Court, Nouri is free to return to school pending an appeal of the deportation decision against him.

Nouri has expressed an interest in continuing school as long as possible. A candidate for an engineering degree in February, 1952, he is an Iraqi government student receiving \$150 subsidy from his government each month.

Nouri entered the University in September, 1949.

Meanwhile, no decision has been released in the deportation trial

om Izidor Schulwolf, University student from Israel who was arrested along with Nouri April 18.

Twelve days ago, the immigration service announced that the Schulwolf hearings were completed. He is in Bexar County Jail awaiting the decision.

An unofficial report stated no habeas corpus petition—similar Nouri's successful one—has been filed in Schulwolf's behalf. If, like Nouri, he is ordered deported, he will be forced to leave the country immediately.

New Hothouse To Open at 4 Facilities Control Growth Conditions

The second controlled-environment greenhouse in this country will open formally here Friday. The only similar facilities in the United States are at the California Institute of Technology.

The department of Botany will hold open house in its new experimental laboratory from 4 to 6:30 p.m. Friday. Although special invitations have been extended, the general public is invited to view the facilities, said Dr. W. G. Whaley, chairman of the Department of Botany and director of the Plant Research Institute.

The controlled-environment lab is designed to provide complete control over atmospheric conditions, light, and nutrition of plants. The laboratory was built as an extension to the Biological Greenhouse.

Each room in the new laboratory has an area of about 1,000 feet, and equipment capable of controlling the temperature through a range from freezing to 120 degrees Fahrenheit, from total darkness to almost sunlight.

Dr. Smith Speaks To PBK's Tonight

A man who has exactly three times as much space in Who's Who of America as does the President of the United States will speak at the annual banquet of Phi Beta Kappa in the English Room of the Texas Union Friday evening at 6:30.

He is Dr. T. V. Smith, executive of the University and instructor in philosophy here in 1919-21.

Born in Blanket, Dr. Smith is a professor of poetry, politics, and philosophy at Syracuse University. This semester he is a visiting professor at Tulane.

Dr. Smith has been a member of the State Senate of Illinois, chairman of the Illinois Legislative Council, and a member of Congress.

He has taught at the University of Chicago, and at Syracuse.

He is author of twelve books and co-author of several more, including "Foundations of Democracy" on which Robert H. Taft, Republican Senator from Ohio, collaborated.

Dr. Smith served as a private in the Army at Camp Bowie in 1918.

1-A's May Enlist After Physicals

University students classified as 1-A can voluntarily enlist in the Army or Air Force even if they have had a Selective Service physical examination, Austin spokesmen for the two recruiting services announced Thursday.

Those who have already received orders to report for induction from their local boards can not avail themselves of this choice of services.

A volunteer, classified 1-A, must have a letter from the registrar certifying that he is satisfactorily pursuing a full-time course of instruction. A person classified 1-A must have a letter from his local board granting him a 30-day period in which to enlist.

Appropriations Bill Squeezes by House

Objections against the House-Senate Committee's compromise appropriation bill flew in the House Thursday.

It squeezed by, 72-61. The vote was even closer earlier when Rep. Jack Wiesner urged the House to reject the bill and call for a new conference committee to re-work it. He lost, 63-68.

Wisener said the bill putting a \$148,756,000 drain on the State's general revenue fund was a bad one.

Rep. Doug Crouch of Denton assailed the measure as "politics."

"This bill is loaded with politics. It's loaded with creeping fascism," he said. "It's loaded with policy legislation—policy by the pound. It's a fascist bill."

"Politics wrote that bill in the Conference Committee. They can spite me if they want to. They can spite my colleges. My colleges may be satisfied, but I'm not. I'm not sanctioning a bill like that, and I don't see why the House should."

Rep. Jack Cox of Breckinridge said Crouch was mad because his colleges at Denton, North Texas State and Texas State College for Women, hadn't received more money.

Rep. John A. Warden of McKinney was indignant over increased outlays for several schools, particularly The University of Texas.

"I think the Conference Com-

Laredo Club for Bill To End Discrimination

Laredo Club Wednesday night unanimously passed a resolution in favor of House Bill No. 573, which provides grounds for civil action by persons of Mexican descent who have been denied service or use of public facilities solely on the basis of their racial origin.

The bill, introduced by Gabe Garrett, representative from Corpus Christi, was reported on favorably by a House committee, which voted unanimously for it.

The Laredo Club resolution states that H. B. 573 "is in keeping with the democratic principles and ideals expressed in the Constitution of the United States."

Half-dozen Beauties Selected as Belles

By FRANCES SMITH

The Bluebonnet Belles of 1950—six of the University's loveliest co-eds—were announced Thursday night at Cactus Editor Beth Osburn at the annual Cactus banquet.

The beauties—Shalmir Duerson, Doris Lee Hall, Ruth Hancock, Jill King, Lucianne Knight, and Greta Nissen—were screened from 152 nominees. Each Belle will be featured in a full page picture in the '51 yearbook.

Twenty finalists were also named.

They are Geyla Anderson, Lee Childs, Nancy Couvillion, Alma Faye Cowden, Ann Dwasikin, Bobby Jones, Eleanor Luckett, Bessie meek, Rachel Godinez, Alicemarie Meyers, Kathleen Miller, Connie Nelson, Regina Prikyrl, Sally Sadler, Sara Sample, Bobbie Gene Sherwood, Mary Ann Tucker, Patricia Torn, Dorothy Weiss, and Cookie Williams.

All girls nominated for Bluebonnet Belles were interviewed by a special committee consisting of

faculty members and students. They were judged on personality, poise, figure, facial features, and overall impression.

Sixty semi-finalists were introduced at the Round-Up Review in April.

Shalmir Duerson, a sophomore education major from Harlingen, is a member of Zeta Tau Alpha. Chosen one of the Ten Most Beautiful, she was a finalist for Aqua Carnival Queen. Last year she was featured in the Cactus as a runner-up for Bluebonnet Belle.

Recently tapped for Mortar Board, Doris Hall was among the top 25 nominated for Sweetheart. This junior sociology major has acted as an advisor at Littlefield Dormitory for two years, is an Orange Jacket, serves on the Forum Speakers Committee and International Council. She is from Royse City.

Ruth Hancock, a senior, and a member of Delta Gamma, is from Plainview. She is affiliated with the Art Students' Association

and plans to graduate in June with a degree in art.

Queen of the Tyler Festival, Jill King will be married in June. She is a transfer student from Hockaday, and a junior member of Pi Beta Phi.

Lucianne Knight, named by the State Department during her high school days as the most typical omore and member of Alpha Chi Omega. She is Sweetheart of Sigma Chi, and is active in Campus League of Women Voters, Spooks, and the Forum Speakers Committee. Lucianne's home is in Austin.

Greta Nissen, chosen '51 Sweetheart of Alpha Phi by her sororist sisters, is a sophomore journalism major from San Antonio.

100 Hours Wins Award For Russell

Charles Russell was presented the award for the most outstanding first-year Cactus staffer by Editor Beth Osburn Thursday night at the Cactus banquet held at the Home Economics Tea House.

As a volunteer worker he has spent nearly 100 hours preparing the yearbook for press.

Betty Bruce Bauman, Cactus associate editor, received a gold key for meritorious work along with Patsy Carter, Louise Freedman, Lanelle Brooks, Janet Jacksons, Charles Pistor, and Angie Strassmann.

A copy of the Cactus and a gold key were given to Robert Polunsky for four years of service.

Silver keys went to Earl Caldwell, Eloise Moore, Gene Myrick, Betty McBrayer, Jacki Culbertson, Julie Lockman, Shirley Van Wormer, Jean Kellner, Frances Smith, Sid Martel, Bessie Meek, Carolyn Woodruff, Jim Templeton, and Joyce Milton.

Bronze award winners named are Doris Almspeyer, Barbara Beard, Frances Berryman, Betty Blake, Kathryn Boyd, Beverly Brand, Kathryn Cline, Kenneth Eastbridge, Elizabeth Field, Don Fletcher, Joanna Gentry, Elmo Hale, Bruce Hallmark, Owen Hamrick, Barbara Leonard, Leva McFarland, Patricia Martin, Katherine Newman, Margaret Petty, Luciline Smith, Nancy Stevens, Otis Rhea Schmidt, David Silvers, Kay Tatt, Robert Walker, Sarah Jane Weeks, Bettie Lou Wolens, Susan Beyer, Frances Navrtil, Nancy Earle, Dan Chandler, Bert Tippitt.

Beth Osburn was presented an editor's key for her work on this year's publication.

Guests attending the banquet were Mr. and Mrs. Cal Newton, Dr. and Mrs. DeWitt Reddick, Miss Frankie Welborn, production manager of the Cactus, and Herman Komiecke, Cactus photographer.

US Purpose Deemed The Greatest Issue

By MILDRED KLESEL

The Great Issues committee yesterday chose "America's Place in the World Today" as the co-ordinating topic for next year's course. This, the committee agreed, is the greatest problem at the present time.

The topic was chosen after much debate as to whether the course should have an individual or universal basis since it will

a seminar, limited to 150 to 300 people. It was recommended by Dr. H. Malcolm MacDonald, professor of government.

Dr. E. T. Miller, professor of philosophy, summarized the reason why "America's Place in the World Today" should be the topic, noting that the tenor of the discussion was world conflict.

"There is only one basic problem and it must be viewed from all possible points," said Tommy Miller. The committee plans to engage speakers to present and debate all the points.

Anne Chambers was unanimously chosen chairman of the committee and Billy Grace Unger was elected secretary. Joe Osburn, Bruce Meador, Tommy Miller, and Russ Kersten were appointed to the committee.

"After the general topic was chosen, committee members listed subtopics that could be studied. Faculty members will be contacted for ideas concerning the general topic.

"World Federalism," "American Institutions: Their Patterns and Modern Trends," "Integrity in the World Crisis," and "The Task of the University in the Modern World" were the other problems discussed.

It was decided that an atmosphere must be created so students will want to work.

Since the course will be a seminar, individuals will have to produce ideas and participate in the discussions following the lecture. A suggestion was made that students prepare papers after each lecture and do some research on the topic. No action was taken by the committee on the matter though, and setting mechanics of the course was postponed until speakers are secured and the plan approved by University officials.

The committee will meet Wednesday afternoon at 5 o'clock in the YMCA which is the temporary headquarters of the committee. Students and faculty members interested in the committee are requested to attend the meeting.

Aggies Host SWC Track Meet Today

By AL WARD

The 1951 Southwest Conference Track and Field Meet gets under way this afternoon at College Station with Texas A&M a solid favorite to annex its fourth title in the last five years.

Preliminaries are scheduled this afternoon in ten events: the sprints, the 440, 880, hurdles, broad jump, javelin, shot put and discus. Finals will begin Saturday afternoon at 2 o'clock.

Firmly entrenched in the bastions of familiar Kyle Field, the undefeated Aggie spike team finds itself in the not-unfamiliar role of pre-meet favorite. With top contenders in every event the balanced A&M squad offers individual threats to at least three Conference records and poses a serious challenge to the team point-total record, held by Texas, of 89.

Favoring the Aggies in their quest for the latter mark is a new Conference ruling on the win-place point scale. Five places will be counted this year with a 5-4-3-2-1 point graduation. Relays will be scored at 10-8-6-4-2. Thus the team with depth will be favored, and depth the Aggies have.

The defending champion Longhorns will rely on the javelin, broad jump, sprints, and the sprint relay events for healthy additions to their point totals.

Charlie Meeks has developed into a genuine broad jump star in his senior year and should have little trouble completing an undefeated season. He could shade the Conference record, having missed the 19-year old mark by less than an inch last week when he sailed 24-9.

Based on pre-meet records, Texas will have the circuit's four best javelin tossers in action. Ray Marek has a great toss of 209 feet, followed by Bob Cone, Don Klein, and James Dowies.

The Aggies are expected to shake the record-book for 3 or 4 changes with sophomore Darrow Hooper a virtual cinch for a new shot-put standard and a possibility in the discus. Jack Simpson has pole vaulted 14 feet this year; the record is 13-10 1/2. An unorthodox new style has made a great jumper of Walt Davis a great high jumper of Walt Davis

Painter to Work With Educators

The Board of Control for Southern Regional Education has announced in Atlanta, Ga., the appointment of President T. S. Painter to a commission of distinguished scientists and educators to assist in the development of a co-operative program by institutions to improve graduate education in the South.

The commission will aid in the building of a program that has been developed over a two-year period by educators representing universities and colleges throughout the region.

Dr. George F. Gant, board consultant on graduate programs, will serve as executive secretary of the commission.

The board will rely upon the commission for recommendations in connection with regional arrangements for graduate research and instruction.

Commenting upon the program of the board Dr. Gant said: "This plan is based upon the readily understood and uniformly accepted fact that no single institution or state has the resources of money or manpower to build, equip, and staff centers of advanced study in all of the areas of specialization required for the development of the region and the states in the region."

Whaley to Study Botany in Europe

Dr. W. Gordon Whaley, professor of botany at the University and director of the Plant Research Institute and Cellulose Research Laboratory, is leaving for Great Britain and Sweden Tuesday to study plant genetics and plant physiology problems.

He will spend three months in Europe conferring with European botanists and studying particular work being done to correlate basic and applied plant science.

Dr. Whaley is in charge of the University's extensive basic research program underlying applied work in agriculture, especially in regard to Texas range grasses.

Joe Cunningham Gets Mike Flynn Trophy

Joe Bruce Cunningham, senior law student, was awarded the Mike Flynn Citizenship Trophy for 1951 Thursday night in the Main Lounge of the Texas Union.

"It is a great occasion once a year to honor the outstanding student on the campus," Dean Jack Holland said in making the presentation. "Each man preceding tonight's honoree has displayed the

fine citizenship qualities which symbolize the award, and Joe Bruce Cunningham has displayed them in the best manner."

The award is made each year in honor of Mike Flynn, University student who was killed in the battle of Sugar Loaf Hill in Okinawa.

Brad Bourland, a past winner of the award and now an assistant attorney general of Texas, gave a short talk before the presentation. Mr. Bourland, who was a personal friend of Flynn's, spoke of the many achievements of Flynn while he was a student at the University.

"Mike with his unequalled good humor was a natural leader, and was always out to help those in need of assistance," said Mr. Bourland. "His life on the campus was one of complete service to the University and the students."

Joe Bruce Cunningham has served as vice-president, recording secretary, and Inter-Fraternity Council representative for Delta Tau Delta fraternity. He is a member of Phi Delta Phi, honorary legal fraternity, and a member of the Law Grievances Committee.

He is a Goodfellow, a Friar, and has been foreman and treasurer of the Cowboys. He has been an Outstanding Student. He served on the Honors Day Committee of 1949, the Round-Up Committee of 1948, the Campus Chest Committee, and the Freshman Orientation Committee.

Cunningham has also been YMCA Freshman advisor, and has participated in Religious Emphasis Week activities. He belongs to Wesley Foundation, West Texas Club, and Big Spring Club. Recently he was on the NSA Committee and was chairman of the Round-Up Barbecue Committee.

BEST UT CITIZEN of 1951 Joe Bruce Cunningham shakes hands with Dean of Men Jack Holland after receiving the Mike Flynn trophy. A picture of Flynn is in the background.

Stolen from the Daily Kansan, which probably stole it from somebody else: "If a woman's physical charms are her chief weapons in the battle of love, some of them will never be arrested for carrying concealed weapons."

Most-agonized-look-of-the-year department: the chemistry 605 victims (taking their third and final hour quiz) when the proctor said, "I have a seating chart..." That broke up the buddy system. That scoundrel.

On a Pharmacy 613B quiz, a student put down the wrong amount of a powerful drug dose to be used in a certain preparation.

The prospective pharmacist was amazed to see this penciled comment on his graded paper—"You have just killed someone!"

Apply by Tuesday For Draft Tests

The deadline for submitting applications for the Selective Service college qualifications test is Tuesday, Brig. Gen. Paul L. Wakefield, state draft director, has reminded college students.

"All postcard applications for the test must be postmarked not later than midnight, May 15," Gen. Wakefield said.

Testing dates are May 26, June 16, and 30. All these dates are Saturdays. A fourth examination will be held Thursday, July 12, for students whose religious beliefs are such they cannot take the examination on Saturday.

The deadline has been established to allow the administrators of the test, the Educational Testing Service, Princeton, N. J., time to process the applications and to assign each applicant a testing center and a date on which to report for the test.

Students may obtain application blanks from the nearest local board. They do not have to return home to the local board having jurisdiction over them.

To be eligible for the test an applicant:

1. Must be a registrant who intends to request occupational deferment as a student;
2. Must be under 26 years old at the time of taking the test;
3. Must have already begun and must plan to continue his college studies. (The applicant need not be in a four-year college, but his entire course must be satisfactory for transfer of credits to a degree-granting institution.)

The Educational Testing Service will give the tests at no cost to the student, but will require the applicant to pay for his own transportation costs to and from the testing center.

The state director of Selective Service urges all qualified students to take the test.

"Final Fling" in Union at 8
"The Final Fling" will be presented by the Free Dance Committee of the Texas Union Friday night from 8 until 11 in the Main Lounge. This will mark the last Friday Frolic of the year.

Steers Host Ponies Today In First of 2-Game Series

By KEN TOOLEY
 Texas Sports Editor
 After taking the second loss of the season at the hands of the TCU Horned Frogs here Tuesday, Coach Bibb Falk will rebound his Longhorn baseballers against the SMU Mustangs in a two-game series beginning at 3:15 p.m. today at Clark Field. The second game will be played Saturday at the same time and place.

4 Texas Netters Gain SWC Quarter-finals

All four members of the Longhorn net squad, Julian Oates, Bernard Gerhardt, Bill Harris, and Charles Bludworth, advanced to the quarterfinal round Thursday of individual Southwest Conference tennis championship matches being held at Fenick Courts. Quarterfinal play begins this morning with semi-final matches scheduled for the afternoon. Defending champion in singles, Ken Crawford of SMU, who also won the singles title in 1945, is topped followed by Jack Turpin of Rice, Oates of Texas, and Dixon Osburn of TCU. Favored in doubles competition is the Pony duo of Crawford and Herb Karren with Oates and Harris seeded second. A&M's Ray DeBerry and Gene Letsos are third-seeded followed by Turpin and Fithian of Rice.

In first round singles play yesterday, Compton Rees of Rice downed Bob Tompkins of TCU, 6-2, 6-2, and Herb Karren of SMU whipped James Wilson of TCU, 6-2, 6-4. UT's Harris had an easy time with Claude Rogers of Baylor, 6-0, 6-1.

Taylor to Play in All-Star Game
 BEAUMONT, May 10.—(AP)—Wesley Taylor of Hughes Springs was added Thursday to the North basketball squad that will play in the annual All-Star game of the Texas Coaching School in San Antonio August 4.

day, Coach Bibb Falk will rebound his Longhorn baseballers against the SMU Mustangs in a two-game series beginning at 3:15 p.m. today at Clark Field. The second game will be played Saturday at the same time and place.

The Longhorns will be looking for their twenty-first straight victory over the Mustangs, while the Ponies will be seeking an even break in order to wind up one of their most successful seasons in recent SMU history.

Not since 1942 has a Mustang nine won over a powerful Longhorn aggregation, and not since that time have they won more than six games from Southwest Conference competition. It was in that same year that the Ponies collected their last game from a Longhorn nine—an 8-3 victory at Dallas—and their last triumph in Austin was a 4-2 defeat of the Longhorns in 1937.

Jim Ehrler, who has been sidelined with a sore arm, is expected to make his first appearance on the mound for the Longhorns since he pitched a three-inning stretch in the Longhorn victory over the Texas Aggies April 21 of the Longhorn-moundmen. It is possible that Coach Falk will start Jimmy Hand, or he may be holding him for the second contest with the Mustangs Saturday, 6-2, 6-0.

UT's Bludworth outeted SMU's Karren from singles contention as he defeated him, 6-3, 6-3, while his teammate, Oates, whitewashed Morris Weis of Baylor, 6-0, 6-0. In doubles competition Crawford and Karren blasted Wilson and Tompkins, 6-1, 6-0. Texas' duo of Bludworth and Gerhardt downed Kislasing and Rees, 6-2, West and Tate of A&M rallied to trounce Claude Roger and LeMeveu of Baylor, 6-0 and 6-4.

Longhorns Oates and Harris drew a bye as did the duos of DeBerry and Letsos, and Turpin and Fithian.

ball as well as a football, the Mustang hurler for today's game will probably be the pigskin slinging Fred Benner. Benner took care of the mound duties in the last game between the Longhorns and the Ponies, but was relieved in the fifth inning by southpaw Dick Beadle. Saturday's starting pitcher for the Methodists could be either Beadle, or Dennis Davidson, the only Mustang pitcher with more than one Conference victory to his credit.

The Steers have a definite advantage over the Mustangs at the plate. Firstbaseman Chili Biggam, who is still leading league batting (.439), and leftfielder Frank Womack, whose hitting is improving by the game, will be the two most potent sluggers for Texas. The Longhorns now have a .288 team batting average in Conference play.

The Mustang hitters are holding a .213 league slugging percentage which is led by Fred Freeman. No Mustang has been able to break .300 this year. Freeman, a junior shortstop, leads with .296 and is closely followed by catcher Bill Edwards who is pushing the Longhorns' Frank Kana and Biggam for the league RBI honors.

Being able to throw a base.

Austin Nips Frosh, 6-5

By BUD HOWE
 Texas Sports Staff

House Park, long noted for its unusual diamond frays, got just that Thursday afternoon when the Texas Shorthorns were upset by the Austin Maroons, 6-5 in ten innings.

For six innings it looked as though Frosh pitcher Ronald Hague might make baseball history as he mowed down batter after batter, but in the last of the sixth he was nicked for a short single to right field by Paul Minter, and the no-hitter was spoiled.

Hague was replaced by Dick Freling in the eighth and then the mayhem really started. Before the Shorthorns could get a man out, five runs had crossed the plate via five straight walks, a fielder's choice, a passed ball, three errors, and a single.

Morton Wiginton then relieved Freling. Fred Odome walked and Tom Gueda got on by virtue of an error and Wiginton got Maury Lloyd to fly out to right field to end the inning.

The Yearlings, meanwhile, had started off like a ball of fire, but they cooled off in a hurry. In the

Rice's Weaver Leads SWC Golf

COLLEGE STATION, May 10.—(AP)—Buddy Weaver of Rice took a long lead on his second straight Southwest Conference golf championship Thursday as he posted 145 for the opening 36 holes.

The Texas A&M College course of 6,715 yards with a par 36-35-71 was tough for the collegians to negotiate and there wasn't a par-breaking figure in the field of 29 players. Weaver did 73 on the first 18 and 72 coming in.

He held a four-stroke lead over Don Addington of SMU as the boys took out for the day. The final 36 holes will be played Friday.

In third place were Frank Wear of SMU and Wesley Ellis of Texas, each with 150.

The boys are playing for the individual championship only. The team title was determined Wednesday when Texas A&M tied SMU, 3-3, to hand the championship to Texas.

Walker Cup Team Ends Practice

BIRKDALE, ENGLAND, May 10.—(AP)—The American Walker Cup golf team played itself into top form Thursday with final practices and went to bed confident it will at least split Friday's four-somes and might sweep all four contests.

Sumrall Leads All-Stars Over Bergstrom, 3-1

C. B. Sumrall pitched the UTSAM all-stars to their seventh win of the year Thursday night against the Bergstrom Air Force Base team. Bergstrom got only two hits off Sumrall, while the all-stars were getting five to drive in three runs.

WALT BROEMER completes his fourth year as a Longhorn trackman by captaining the 31-man Texas team in its defense of the Conference title at College Station this weekend. He is entered in the 440 and mile relay.

AIME Tops Brunettes, 2-0, To Cop 'Mural Softball Title

By JEFF HANCOCK
 Texas Intramural Co-ordinator

AIME won the 1951 University intramural softball championship by defeating Brunette House, 2-0, in a close, but loosely played game Thursday night on Whitaker Field's north diamond.

AIME pitcher Harold Crow held the Brunette nine to one hit in his seven-inning stint. Crow's mound opponent, Dudley Thompson, dropped a perfect base hit bunt down the first base line in the third inning with two away, but advanced no farther than the first sack.

Thompson pitched an excellent ball game himself. He gave up only two hits, one in the first inning and one in the fifth. Only one of the hits led directly to a score, and then it brought in an unearned run.

AIME tallied both of their runs in the first inning to sew up the game. Second baseman Jim Dillon, first man up in the initial inning drew a walk. Then, while the count went to two balls and two strikes on Bill Schell, Dillon stole second and then third. Schell hit

the two-two pitch to second baseman George Harwell, who handled the hard hit grounder after an initial bobble and threw home too late to cut off the run.

Thompson then struck out the next two men to face him and Schell stole second. John Morgan, AIME right fielder then scored. Schell with the second and last run of the night with a hard ground ball single hit to left.

Thompson was in trouble only once more during the night, after giving up a harmless hit to Schell in the fifth. Yeager stole second and went to third when Donald Walker's roller to the mound was picked up by Thompson and fired to third too late to get Yeager on

a close play. Then with two out, Thompson bore down and struck out the next three batters.

Crow hurled with ease and after his teammates gave him the two-run lead in the first frame, there was never much doubt as to the eventual outcome. Not a single Brunette base runner got past first base, two of them being cut down on attempted steals of second by catcher Dan Sartin.

Brunettes leftfielder Dick Bintliff provided plenty of verbal fireworks for the second night in succession. When a spectator called AIME's pitching ace "Old Crow," Bintliff quipped, "Old Crow" ha, they should have named you "Four Roses."

Radio and TV at US

FOR EDUCATION is making progress. The Federal Communications Commission has allocated stations over the United States for educational institutions and if money is ever forthcoming there will undoubtedly be some first-class programming.

Those fortunate enough to have witnessed the United Nations debates last August, the Kefauver hearings in March, or the recent MacArthur address to Congress say that there is no doubt about the power of television to influence and instruct.

In New York the Board of Regents of New York State is determined to take

advantage of the medium. It directed the Commissioner of Education last November to appear before the Federal Communications Commission and put the case for allocating time and high-frequency bands for education. That goal was accomplished.

Now it has petitioned the commission for channel reservation that would pave the way for a ten-station network in the state. A cost of \$3,000,000, to be appropriated by the Legislature, is mentioned for a beginning.

While this is all very helpful news for education and for New York in particular, it does the students, faculty, and citizens of the University no good. The University, which can not get enough money from state appropriations to meet its basic requirements, will have to wait a long time before any money will be available for TV. Although the FCC has authorized limited area radio stations, for which the University is eligible, such a station has not been forthcoming, and probably won't be because of lack of money.

In the meantime, University radio and drama students must broadcast over local stations, make transcriptions to be used on other stations, and troop over to San Antonio for television performances.

There is a great deal of talent on the campus. If we had the facilities this talent could undoubtedly fulfill the obligations the expense of providing such facilities would entail.

The Board of Regents and the University administration are doing remarkably well with what they are provided. It is unfortunate that they do not have the confidence of the public and the financial support of the Legislature to really make the University one of the first class.

The Irony

JOE BRUCE CUNNINGHAM was awarded the Mike Flynn trophy last night. This award is the highest honor a University male student can receive.

It is ironic to note that he was not included in the lists of either outstanding students or goodfellows announced by Cactus Editor Beth Osburn Thursday morning.

As if there were not already proof that selection for the Cactus honor, which lies mainly in the hands of the editor, has little real merit, this is it.

Cactus Editor-elect Charlie Pistor has requested that a more fair system be instituted, and will suggest a proposed plan to the Board of Directors of Student Publications at their next meeting.

Perhaps it might be best to do away with such fine-line selections and lump all campus "personalities" under one classification.

Almost anything would be better.

In Student Government

UNION BOARD OF DIRECTORS AND DIRECTORATE COMMITTEE: The Board and the Directorate Committee of the Union met in joint meeting Wednesday to hear a report from Dean William Blunk, member of the board, Brock Pearce, director, and Bill Parker, chairman of the directorate, on their recent trip to the national convention of union directors.

While our Union has more to offer to the students than any other in the country, considering the small budget we operate on, it was pointed out by one of the delegates that we cannot even approach the other unions at schools of like size on our budget or our activities. It was pointed out that at most of these larger unions, however, there are not as many activities that are

Merit System Explained To Committee Chairmen

free to the student as we have here. A.M., for example, has five times our budget and an income in their union both from activities as well as from concessions. This was often the case at other schools.

Dean Blunk praised the present and past directors and student committeemen for the fine work they have rendered the University and student body, our limitations notwithstanding.

PUBLIC RELATIONS COMMITTEE: Thursday the committee heard a very sincere appeal from H. A. Dunn in behalf of Samuel Huston College for books. Dunn, who has made books available to foreign students all over the world, stressed the point that here we could render a great service right here in Austin.

All kinds of books are needed... and needed right away.

ALL-COMMITTEE CHAIRMAN MEETING: A meeting of the chairman of all student government and Union committees was held Thursday afternoon. Wales Madden, student president, requested that they get in their reports for the year as soon as possible and that the minutes be up to date. The new Merit System Application forms were explained by the chairman of Public Relations and were passed out at the meeting. They are to be filled out by all officials and committee members so that a complete file will be had on the service and abilities of everyone holding a position. The All-chairman Committee meetings will be held monthly.

GEORGE TAIT, Chairman
Public Relations Committee

THE DAILY TEXAN

The Daily Texan, a student newspaper of The University of Texas, is published in Austin every morning except Monday and Saturday, September to June, and except during holiday and examination periods, and bi-weekly during the summer sessions under the title of The Summer Texan on Tuesday and Friday by Texas Student Publications, Inc.

News contributions will be accepted by telephone (2-2473) or at the editorial office, J.B. 1 or 2 of the News Laboratory, J.B. 102. Inquiries concerning delivery and advertising should be made in J.B. 108 (2-2473). Opinions of the Texan are not necessarily those of the Administration or other University officials.

Entered as second-class matter October 18, 1945 at the Post Office at Austin, Texas, under the Act of March 3, 1879.

ASSOCIATED PRESS WIRE SERVICE. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this newspaper, and local items of spontaneous origin published herein. Little Man on Campus—By Bibler

"Your hair smells lovely tonight, Phyllis. I'll bet you just washed it, huh?"

Firing Line

NOW, LADIES . . . CLUB NOTICE

To the Editor:
We feel R. A. has neglected to realize that men are no exception and the "powdered" hearts are not for young—gentlemen only. Your story is sad, but by no means more heart breaking than ours. We are four young—er—co-eds who had the unfortunate experience of being repeatedly flushed—royally.

In view of this, however, we are not asking for your sympathy or your beer; we want only to organize a club which shall be called The Royal Flushes. We know that there are other co-eds who have been placed in the same situation and would welcome the opportunity to share their disappointed love affairs with those who can sympathize. The only qualification to join this club is to have been flushed. The girl with the saddest experience will be automatically president.

Before closing, we have a bit of advice to the Powdered Hearts. We, too, know how such an experience can leave you with a dead feeling inside, so in order to keep something alive, we recommend Little Liver Pills. Our uncle took them for 40 years, and when he died we had to beat his liver with a stick to kill it.

J. H. N. E. J. W. P. L. S.

Club Notice
I resent very highly the misinformation concerning the Clubs de Bergerac which was carried in yesterday's Forty Acres. Jumping Jim Cockerum could not possibly be president of that organization, since his sole claim to distinction is a ski-jump sort of projection which is very little better than Hope's.

As I understood when I consented to join this organization, whose reputation is sadly degraded by such publicity stunts as that yesterday, the president—or Bergerac-in-chief, which is his true title—should be selected purely on a basis of KNOWLEDGE. I am deeply grieved to detect the foul smell of politics ruining such a worthwhile organization.

If there is anything that can beak up the club in short order, goodness nose it is a foul smell.

BRAD BYERS
Bergerac-in-chief, by gum

Official Notices

Miss Anne Weingartner, representative of a Marshall Field enterprise, will interview students for summer positions on Wednesday, May 16, at 7:00 p.m. Those interested may contact the Student Employment Bureau.

According to Miss Weingartner, the positions offered by Field Enterprises makes it possible for students to earn several thousand dollars or more this summer.

Applicants who are hired may work in their own home towns—or in any part of the country they choose.

JOE D. FARRAR, Director, Student Employment Bureau

Dr. Johannes Stewart with the U.S. Public Health Service, Washington, D.C., will be on the campus Friday, May 11 to interview young men interested in employment with the U.S. Health Service. Any student holding a bachelor's degree of any type or who will receive a degree in June is eligible to apply.

Please contact the Student Employment Bureau for further information and interview appointment.

JOE D. FARRAR, Director, Student Employment Bureau

A representative of the Stauffer Chemical Company will be on campus Friday, May 14 to interview students to fill the position of salesman to handle sales of agricultural and industrial chemicals through distributors and dealers in the southwestern states and a few of the nearer middle west. Interested students should contact the Student Employment Bureau in B. Hall 117 for appointments.

The Bureau also has positions open for sales work with the Philip Morris Company which is open to juniors and also a traveling sales job with a flower seed company in Tulsa, August.

JOE D. FARRAR, Director, Student Employment Bureau

A representative of Montgomery Ward Company will be on campus Monday, Monday, May 14, to interview men who will be graduating this June with degrees in the field of business, with majors in merchandising, marketing, accounting, and related fields. Interested students should contact the Student Employment Bureau in B. Hall 117 for appointments.

The Medical College Admission Test will be administered in Hogz Auditorium on Saturday, May 12, beginning at 8:45 a.m. Saturday, May 12, in Geology Building 14 for students absent from the examination. Further questions should be directed to the Testing and Guidance Bureau, V. Hall 206.

H. T. MANUEL.

The following permanent full-time positions in the non-academic service of the University of Texas are now available:

Accountant I (\$254), college degree or equivalent training and experience desired. (Man.)
Accounting Clerk (\$162), college degree and accounting 811 a and b preferred.
Clerk-typist (\$148), typing speed—40 to 60 words per minute, two years of college preferred; May 12, in Geology Building 14 for students absent from Government 610 hour tests during the 1951 spring semester.

Men students assigned lockers in Gregory Gym must remove their equipment by May 30 to avoid confiscation.

Marshall Says Use Veto; Block Red China From UN

WASHINGTON, May 10.—(AP)—Secretary of Defense Marshall indicated today the United States should use its veto power if necessary to block the entry of Red China into the United Nations.

The Department of State has held that Red China's admission is a "procedural" matter which cannot be vetoed in the security council—even though this gov-

ernment is reported opposed to the entry.

Marshall had said the U.S. Government will fight Communist China's admission to the U.N. and will not permit the Island of Formosa to fall into Red hands.

Marshall's statement on the veto came after questions by Sen. Smith (R-N.J.). He denied that old prejudices growing out of clashing views over the Chinese Reds coming to power, had played a part in the ouster of Gen. MacArthur.

"I don't think that had any connection with it whatsoever," he said. He said MacArthur was fired because he was openly out of sympathy with the present U.S. policies in Asia.

MacArthur was reported to have been ready in 1946 to march Allied troops against the Chinese Red Army unless the Communists laid down their arms and agreed to a free election in China.

Senator Smith said it was his understanding the Truman Administration gave Britain "the

green light" to go ahead and recognize the Chinese Communists. He asked Marshall whether that was a fact and whether the administration had implied this country would go along with the British.

Marshall said he did not know, and suggested the question be taken up with Secretary of State Acheson, who is to testify later.

Senator Smith (R-NJ) gave this report to Senators as Secretary of Defense Marshall—for the fourth day—defended the administration program in Asia with arguments which President Truman asserted are the exact truth, word for word. Marshall will resume his testimony tomorrow.

Rubber to China Ended by British

Churchill Attacks Labor Asia Policy

LONDON, May 10.—(AP)—Britain's Labor Government halted rubber shipments to Communist China today for the rest of 1951. Aroused American public opinion and whipping attacks by Winston Churchill's Conservatives provoked the decision.

The rubber ban was announced in Parliament after Churchill had thundered a demand for the change at once. "On the grounds of national safety and even survival."

Churchill also attacked Britain's maintenance of diplomatic relations with Red China, saying these ties had brought no advantage to Britain or the United Nations "and they have become a reproach against us in wide circles in America."

A revival of isolationist sentiment in the United States, he warned, might lessen American help for Europe, which could lead to the ruin of "the whole free world."

He said the Labor Government should avoid giving the United States the impression that, while Americans carried the heaviest load in Korea, Britain "pulled at their coat tails and read them moral lessons in statecraft and the love we ought to have, for China."

Sir Hartley Shawcross, President of the Board of Trade, said the government's opinion is that China already has imported enough rubber this year to fill her civilian needs for all of 1951.

Commercial Mother's Day Far From Founder's Idea

By VERNELL SKULAN

Every mother has her day. For the forty-fourth year, she will be happily lost under an avalanche of gifts—an expression of appreciation from her children.

Today's commercialized Mother's Day is unbelievably different from the original idea of Miss Anna M. Jarvis, its mother. In memory of her own mother who died the year before, Miss Jarvis initiated the move to honor all mothers in 1907. From her home in Philadelphia, she petitioned governors, clergymen, editors, and the White House, urging the proclamation of a Mother's Day.

Her idea literally hit home, and the International Mother's Day Association was founded. In 1908 it set aside the second Sunday of May, the day closest to the death of Miss Jarvis's mother, for the honoring of all mothers in Philadelphia.

The movement gained favor, and on May 18, 1914, President Wilson proclaimed this day as "a day dedicated to the memory of the best mother in the world, your mother."

Because she felt the day called for "personal rather than material expression of love and appreciation," Miss Jarvis for years bitterly opposed the inevitable commercialization of Mother's Day which followed this proclamation. Finally she resigned herself to the

losing battle and accepted the popular interpretation. Miss Jarvis died in 1941, blind, infirm, and penniless.

The Mother's Day idea began as early as 1904 in England, where "Mothering Sunday" had been celebrated in mid-Lent by visits and gifts from children to their mothers.

Association was founded. In 1908 it set aside the second Sunday of May, the day closest to the death of Miss Jarvis's mother, for the honoring of all mothers in Philadelphia.

World News in Brief

Allied tanks smashed within ten miles of Parallel 38 on the western front Thursday in the battle of Korea, Tokyo sources said Friday morning. The battle was described by Gen. Matthew B. Ridgway as possibly turning the tide against world Communism.

The US Congress passed legislation Thursday to give Korea veterans the same medical benefits as survivors of other wars—one day after a veteran of the Korean fighting was denied admission at a government hospital in Tucson, Ariz.

Plans for a multi-million dollar steel mill to be built at Longview received the approval of the National Production Authority in Washington yesterday.

Congressional redistricting begins rolling in the State Senate Monday with a public committee hearing at 9 a.m.

The House bill gives a new Congressman to Harris County. Should this legislature fail to agree on any sort of Congressional redistricting, Texas would automatically have a Congress-

man-at-large.

The Senate voted yesterday in Washington to cut off economic aid to any nation which permits shipment of arms or other war-useful materials to Communist areas.

Arnulfo Arias, deposed president of Panama, was arrested late Thursday after a bloody four-hour stand against the nation's armed forces driven to action by the greatest civil resistance movement in Panama's history.

The US Senate approved Thursday the promotion of Lt. Gen. Matthew B. Ridgway to a Four-star General in his posts as successor to General MacArthur.

A suicide verdict was issued in Austin Thursday in the gunshot death of Mrs. Jonnye Mead, 24, wife of a former Bergstrom Air Force Base pilot now in Korea.

The State Fair of Texas and the City of Dallas have completed negotiation of a new contract for operation of the State Fair for the next twenty years.

Many Jobs Waiting For Students' Wives
There's a quick, easy way for wives of students to get good-paying part or full time jobs in Austin.
At Durham's Business College here, girls can learn "Speedwriting," the modern, nationally-known shorthand in only six weeks time.
"Speedwriting" is entirely unlike the old shorthand methods. "Speedwriting" uses the ABC's—it just turns your longhand into shorthand.
Visit or write Durham's at 600A Lavaca Street—or telephone 8-3446 for full information.
Durham's is exclusively authorized to teach "Speedwriting" in Austin. It is the only business college here bearing the approval of the State Department of Education and fully accredited by the American Association of Commercial Colleges.

Truman Advisor Admits 'Favors'

WASHINGTON, May 10.—(AP)—White House Aide Donald Dawson acknowledged Thursday he and two other members of President Truman's staff took free vacations at a \$30-a-day luxury hotel in Miami Beach, after the hotel borrowed \$1,500,000 from the government.

But Dawson told Senators he understood some lawmakers have accepted similar on-the-cuff courtesies from the same hotel, the Saxony.

He named the other two presidential staffers as David K. Niles and Col. Charles Maylon, Deputy White House Military Aide.

Making his long-awaited appearance as a witness in the RFC inquiry, Dawson swore he never abused his White House prestige by attempting to sway multi-million dollar federal loans.

Quietly but with intermittent flashes of anger, Dawson acknowledged he had "social" contacts with members of what Senators call an "influence clique" operating around the Reconstruction Finance Corporation, the government's big money-lending agency.

He asserted he had "no influence" with the RFC.

Chairman Fulbright (D-Ark) of the Senate Inquiry Committee told newsmen later:

"Maybe Mr. Dawson isn't conscious that sitting next to the president, as he does, is regarded as a place of great significance. He sees nothing wrong with what he did in the Saxony case. I do."

Dawson contended he did not know the Saxony had borrowed money from the RFC when he ac-

Rep. Lyle Suggests Rayburn as President

Speaker Sam Rayburn of the United States House of Representatives, who will deliver the University commencement address on June 2, has been suggested as a presidential candidate for the Democratic national ticket in 1952.

According to an article by Tex Easley appearing in last Sunday's Austin American-Statesman, Representative John E. Lyle of Corpus Christi, an administration supporter, came up with Speaker Rayburn of Bonham for president and W. Stuart Symington, new head of the Reconstruction Finance Corporation, for vice-president.

The article quoted Lyle as saying, "Some people mention Mr. Rayburn's age as a handicap. He is just 69, only two years older than President Truman."

The story continued with Lyle's comment, "He is certainly respected by party leaders in all parts of the country. I know some influential Southern Congressmen who would endorse him but certainly would oppose Truman's re-election."

With 38 years in Congress, Mr. Rayburn has been an outstanding New Deal and administration leader, and his counsel is continuously sought by President Truman. He became Speaker of the House in 1940, after a three-year post as Democratic majority leader in the House.

A native Texan, Mr. Rayburn studied at the University School of Law in 1907 and at the East Texas State Teachers College at Commerce.

The commencement will be held June 2 at 7:45 p.m. on the terrace in front of the Main Building.

Tiny Texan to Reveal All At Texan Picnic Sunday

The Tiny Texan, slender sheet for The Daily Texan staff, will make its annual appearance at the Texan picnic at Greenshores Sunday. The small yellow sheet has promised (via its editors) to have its usual percentage of intimate facts about the private, but interesting, lives of the staff members.

Texan staff members are the honorees at the picnic, and for each guest invited by a staff member there will be a \$1 charge. Payments for guests must be made in Journalism Building 108 before noon Saturday.

Annual awards will be given at the picnic, and after the meal a ride down the lake on the Riverboat Commodore will conclude the outing.

Cars will leave at 2:30 p.m. from the Journalism Building.

Odd Jobs Plentiful; Summer Work, Too

Students in need of extra cash right away and who are willing to do odd jobs should get in touch with the Student Employment Bureau immediately, Miss Judith Perkins, placement secretary, said Thursday.

The jobs are mostly the muscle-flexing, outdoor type, paying 75 cents an hour upon completion of the work. Yard work, painting, floor waxing, and window washing are only a few of the jobs listed. Students leaving their names at the bureau will get placements almost every day, Miss Perkins said.

For the summer, there is a demand for students to fill all kinds of summer jobs in all parts of the United States including New York, Maine, Colorado, Oklahoma, and Texas, she said.

For these camp jobs, applications are being taken for both male and female counselors in all types of sports—swimming, boxing, horseback riding—as well as singsong leaders and riflery teachers.

An interview will be held Friday at 3 o'clock at the bureau for an instructor in riflery at Camp Mystic, camp for girls of all ages, near Kerrville.

Advertising majors should look into a summer training job selling Philip Morris cigarettes. The train-

Arnold Air Society Elects Head

Bill Simpson was elected squadron commander of John H. Payne squadron of the Arnold Air Society Wednesday night at a dinner in the Home Economics Tea House.

Other squadron officers elected were James Weber, executive officer; John Simpson, operations officer; Hugh J. Smith, adjutant recorder; Eugene Todd, treasurer; and Lem Porter, public information officer.

Speakers at the meeting were Lt. Col. E. E. McKesson, professor of air science and tactics at the University, and Major Terrell M. Upchurch, squadron sponsor.

The University Club will have a picnic Saturday at 5 p.m., Charles H. Sparenberg, president, has announced.

Members will meet at the polo grounds at Zilker Park. They should bring basket lunches and may bring guests if they so desire. The club will furnish ice cream and cold drinks.

Persons in need of transportation should call Thurlow Weed at 2-1174.

Officers to serve during both summer terms will be elected at the Arab Students' Association meeting Saturday afternoon at 4 at Texas Union. Nominations will be made from the floor.

Included on the agenda is the planning of next year's program for the organization.

Mica's traditional stag Branding Party, at which new officers are installed and outstanding member awards are given, will be held at the Camp Mabry Officers' Club, May 12, at 8 p.m.

A typically western atmosphere will prevail at this last event of the Mica social calendar; the club will be decorated with cattle brands and wagon wheels, and barbecue will be served in western style.

All members are invited to attend. Transportation will be provided for those who meet at the Union Building at 7:30 p.m. Other members may reach the camp by following Thirty-fifth Street to the Camp Mabry entrance, from where they will be well-guided to the club by signs.

Kirby Hall will hold its annual Spring Formal in the Mural Room of the Stephen F. Austin Hotel Saturday from 8 to 12 p.m. Bill Horne's Orchestra will play for the dance. Mr. and Mrs. T. H. Heaton and Dr. and Mrs. Bob Ledbetter will be chaperons.

Yoshiko Kasahara, University graduate student from Tokyo, Japan, will speak on "Life in Japan" Friday at the general meeting of the Austin Branch of the American Association of University Women.

The meeting will be at 3:30 p.m. in the patio of the Women's gymnasium.

Miss Kasahara, who is doing graduate work in education, is attending the University under an AAUW scholarship.

Sigma Iota Epsilon, honorary management fraternity, will hold its spring banquet at 6:30 p.m. Friday in the Mural Room of the Austin Hotel. At the dinner new officers for the fall semester will be announced and a farewell will be bid to all graduating members.

Keeping in style with the bales of hay, saddles, and wagon wheels used for decoration, couples at the annual Alpha Tau Omega Barn Dance Saturday will be required to wear western clothes.

Music will be furnished by a local hillbilly band from 8:30 until 12 p.m. in the Alpha Tau Omega Annex.

"Faraway Places" is the theme of the Navy ROTC Ring Dance in honor of the graduating seniors Saturday from 8 to 12 p.m. in the Texas Union.

A sidewalk cafe and posters of different countries will illustrate the theme while Ted Carr's orchestra will play "Faraway Places" several times to emphasize the theme.

Couples will enter for the ring ceremony through a giant ring on the stage. Each girl will wear her date's ring on a ribbon around her neck and, after dipping it in water collected from the seven seas, she will place it on her date's finger.

Members of the Mariners Club and seniors will attend the dance. Committee chairmen for the dance are Thad Harden, decorations; Bob Brown, refreshments; and James Lloyd, program.

Cardinal Tapping Set for Sunday

Tapping of new Cardinals, honor organization, and the presentation of awards for outstanding work in Newman Club for this year will take place at the Honors Day program Sunday at 11 a.m. in the Texas Theater.

Awards to new and old students who have distinguished themselves in club interest and co-operation will be made. Certificates will be given for outstanding work, initiative, and leadership in Newman Club.

A weiner roast will be held Monday at Ben McCulloch from 5:30 to 11 p.m. Newman Club members are to meet at the annex at 5:30 in blue jeans. An earlier Texas story erroneously reported that the picnic was to be held tonight.

New officers of Newman Club are Larry Coughlin, president; Lillian Malec, vice-president; Donna Pace, secretary; Larry Crochet, treasurer; Milton Lehman, reporter; and Rita Dugan, historian.

CAROLYN DUCKER

Rings on Their Fingers

Ducker and Brown To Marry on July 1

Carolyn Ducker of Mineral Wells, ex-student of the University, and Charles V. Brown, of Ranger, will be married July 1 at 4 p.m. in St. Luke's Episcopal Church in Mineral Wells.

Miss Ducker received a bachelor of journalism degree from the University in 1949. She was a member of Gamma Phi Beta sorority and Theta Sigma Phi, honorary journalism sorority. She was also night society editor on The Daily Texan.

Brown is a mechanical engineering graduate of Texas A&M.

Mr. and Mrs. John Mitchell Scott announced the engagement and approaching marriage of their daughter, Patricia Ruth Scott, to Louis F. Burton at a reception held April 1 at their home, 3001 Beverly Road.

Miss Scott was graduated from The University of Texas in 1950 with a bachelor of business administration degree.

Burton, also a graduate of The University of Texas, is now teaching science and mathematics in the Lockhart Public Schools.

Gloria Lee Engelke was married.

to David Edward Chapman on April 24, in Durant, Okla.

The bride attended Texas Christian University and received her bachelor of arts degree in English from the University last year. While at the University she was a member of Delta Delta Delta sorority, in UTSA, Cap and Gown, Campus League of Women Voters, Forensics, Girls' Debate Workshop and the Oratorical Association.

At the time of her marriage she was employed as an airline stewardess by Braniff International Airways in Dallas.

There Goes a Well-Dressed Girl

June is wearing an exotic green bathing suit by Jantzen. Named "Accent," the suit is one-piece with a plunging neckline and nylon shirring. The suit may be found in the Sportswear Department on the first floor of Buttrey's—the store for the well-dressed girl.

Lutherans to Hold Recognition Party For UT Seniors

The Lutheran Student Association will hold their annual Senior Recognition Banquet Friday at 7 p.m. at Gethsemane Parish Hall.

Theme of the banquet and of the talk by Dr. E. J. Braulik, pastor of the Seguin Lutheran Church, will be "Crossroads."

Master of ceremonies for the dinner will be Ivan Roth. The devotional will be given by Marjorie Britsch. Singing will be led by H. W. Pfennig. Special music will be provided by the men's quartet from Texas Lutheran College and Betty Tiekens, who will play a piano solo.

A toast to the seniors will be given by Kenneth Kotzebue. The response will be given by Sylvia Peterson. Prophecy for the seniors will be given by Virginia Henninger. The benediction will be given by the Rev. C. L. Bohls.

Seniors to be honored are Earl Koester, Sylvia Peterson, Larry Niemeyer, Carl Wolf, Major Friedrich, Albert Lundstedt, John Nieman, Marilyn Rolph, Bobby Ziehe, Virginia Hendricks, and Nellene Kuempel.

Nowotny to Speak At APO Banquet

Alpha Phi Omega, honorary service organization, will hold its spring banquet and formal Saturday.

The banquet will begin at 6:45 p.m. at the Hitchin' Post at which time the outstanding pledge will be announced and the outstanding service award made. Arno Nowotny, dean of student life, will speak at the banquet. Bob Gordon, assistant dean of student life, will be toastmaster.

The formal will begin at 9 o'clock at the Municipal Golf Course Club House. Watson's Draft Dodgers will furnish the music.

Swim into his heart

with a Jantzen dream-suit

Dead Week Is Near!

Week-End Crowded With Picnics, Dances

By BITTY BUTTREY

As Dead Week and finals loom around the corner, parties and picnics are being crowded into the last week end left before books take the center of the stage. Although some students are beginning to review early, most of them are waiting until after "one last fling" to reform and start serious studying.

The Phi Psi's will spend a cool week end in Kerrville on their spring houseparty, and the TKE's will have a week-end Ranch Party.

The Curtain Club's annual banquet and dance will be Friday night. Saturday will find the Phi Gam's giving a Garden Party and the ATO's celebrating with a Barn Party. Both the Delta Zeta's and the Sigma Chi's will have Riverboat parties. Acacia fraternity will have a Ranch Party, and members of the Tejas Club and dates will journey to Landa Park at New Braunfels for a picnic.

Kirby Hall will hold its annual spring formal Saturday night. Other formals will be given by the Mariners Club, the Lambda Chi's, the APO's, and Alpha Epsilon Pi fraternity.

Sunday will find the Texan staffers picnicking at Green Shores. "The Tiny Texan," yearly scandal sheet, will be distributed at the picnic, and the sports and editorial staffs will meet for their annual grudge-filled baseball game.

Seersucker is taking its place as an outstanding summer fabric. Appearing in a variety of colors, the cool material is doubly popular because it needs no ironing. Separates in play clothes of seersucker are smart in appearance and easy to keep. The bare-midriff look is coming back this summer. Also, low backs emphasize a smooth tan—all at the first floor Sportswear Department of Buttrey's, the store for the well-dressed girl.

IRIS

"HAY-LUGAR PARA DOS"

one at 3 p.m. and the other at 8 p.m.
Sponsored by the Junior Chamber of Commerce, the famed band, composed of more than 50 top musicians and conducted by Lt. Cmdr. Charles Brendler, will offer a varied program, ranging from symphony to swing.

The matinee includes Tchaikovsky's "Symphony No. 4," Gershwin's "Rhapsody in Blue," Jimmy Dorsey's "Saxophone Caprice," and Harry James' "Trumpet Blues."

Among the numbers to be played at the evening program are a George Gershwin hit parade, Tchaikovsky's "Caprice Italien," "On the Trail" from the "Grand Canyon Suite," and "Roumanian Rhapsody No. 1."

Outstanding soloists with the band include celebrated harpist

William Cameron; Harold Brasch, "the world's foremost euphonium artist"; famed post horn player Frank Scimonelli; Homer Phillips, for many years among the top trombonists; and Oscar Short, internationally noted cornetist.

Some of the bandsmen have been with the band as long as 25 years. Others, including 19-year-old Robert W. Baird, cornet soloist, have risen to stardom more recently. Featured vocalist with the band is Texas-reared Ben Mitchel Morris, who received his early voice instruction in Houston and studied under Deanna Durbin's teacher, Count de Seguerola, and Max Pons, voice teacher of Helen Jepson, Conrad Thiebault, Rose Bampton, and others.

Conductor Brendler, who has achieved the highest rank of any musician in Navy history, stresses variety in selecting the band's program. He can provide a string quartet, or turn the band into a symphony, orchestra, or a dance band.

Friday has been proclaimed by Mayor W. S. Drake Jr. as Navy Band Day. Navy officials have agreed to honor the outstanding bandsmen of high schools of Central Texas by allowing them to play with the band at the matinee concert.

Matinee prices are 60 cents for students and Blanket Tax holders and \$1.20 for adults. Evening prices are \$1.20 for general admission and \$1.80 for reserved seats. Tickets are on sale at the University Co-Op Radio Shop, the Music Building ticket office, and William-Charles on the Drag.

What Goes On Here

Friday

3:30 — Yoshiko Kashimura to address AAUW on "Life of Japan," Women's Gym.
3:30 — Dr. E. J. Prouse to address Omega Chi Epsilon on "Evolution of the Stars," PEB 367.

Light Up the Sky Is Last ACT-Play

The Austin Civic Theater will close its regular season this month with Moss Hart's "Light Up the Sky."

"Light Up the Sky" is a comedy of Broadway personalities resembling such show people as Billy Rose, Eleanor Holms, and Gertrude Lawrence.

The show will officially open the Playhouse, ACT's new home at 2828 Guadalupe. Six performances have been scheduled beginning May 21, to be continued if attendance warrants.

PIKA's to Re-perform 'Raga-sunde' for ACT

Pi Kappa Alpha fraternity members will be guest performers at the Austin Civic Theater Saturday night at 8:15 p.m. when they give their Varsity Carnival melodrama, "Raga-sunde Hall," between acts of ACT's show, "The Miner's Daughter."

After the performance the entire chapter will sing "Follow the Fold," from "Guys and Dolls." The show was written by Pat Hines, Dick Stewart, and Pie Wagner. Dick Stewart is director.

Attend Meteorology Meet
Professors Kenneth H. Jehn and John R. Gerhardt participated in the recent American Meteorological Society meeting in Washington, D. C. Both men read papers.

Present Awards At Band Banquet

The University Symphonic Band will have an annual banquet Friday evening at 6 o'clock at Irving's. Awards for outstanding band officer and outstanding band non-officer will be presented.

Bernard Fitzgerald, band director, will present two-year band membership awards after the dinner.

New band officers are Frank Preizner, president; Fred Foeh, vice-president; Doll Maring, secretary-treasurer; and Mary Francis Adams, reporter-historian.

This year's officers were Ivan Horn; Marion Griffith, Fenton Katz, and Shirley Rheinlander.

Remembrance Is The Important Thing!

Mark Mother's Day by bringing Mom to Hotard's. She'll appreciate dining out and we know she'll enjoy our fresh, carefully-prepared, satisfying food. Mom deserves the best and Hotard's is cafeteria dining at its economical best.

Of course you don't have to wait until Sunday! Today's menu features

- Shrimp a la Creole, Steamed Rice, Smothered Steaks, potatoes or rice
- Pot Roast of Beef with Potatoes, Seafood Croquet with Newburg sauce
- Broiled Haddock with Lemon Butter

Hotard's is completely and delightfully air-conditioned — eat well, economically, and comfortably at closeby
