  - f. Lawler – How many computers?
  - g. Bradford – We will still have 6 screens. New towers will be order, and software is needed for upgrade.

- h. Lawler – Is this necessary for upgrades? What caused this need?
- i. Bradford – ITS noticed the need for upgrade.
- j. Wiseman – Is the stuff in the red, included in the existing budget.
- k. Bradford – Yes.
- l. Wiseman – Why are some tentative?
- m. Bradford – Because the others are ones that I know for sure, are going to cost that amount.
- n. Lawler – Will there not be any funds left?
- o. Bradford – I can't say yes or no, because the next person will look over the options and the amounts of left over funds.
- p. Wiseman – Move to fast track.
- q. Lawler – Move to close questions, and enter debate. I'd like to offer an amendment. Move to strike the \$2000 allocated for the computers. I don't think this is a proper use of funds.
- r. Lee – We will still have \$840 in special projects fund. We will still have \$2000 in appropriations. We had multiple meetings where people were reaching out to everyone and didn't have any responses.
