Student Government Assembly Meeting
November 13, 2012

- I. Call Meeting to Order
- II. First Roll Call
- III. Approval of Minutes
- IV. Guests
 - a. Kent Kasischke, Patrick Haisten, Katie Fife, Ash Hall – Gender-Inclusive Housing Program
 - i. Haisten: Sex is defined by biology, external characteristics
 - ii. Kasischke: Gender: Cultural, behavior, clothing, de-emphasizing characteristics
 - iii. Haisten: Sexual orientation is the gender that you are attracted to, Homosexuality, heterosexuality, and bisexuality, and within bisexuality there is are distinction, pansexual, fluid, influenced by a number of factors, genetics, hormones, environment
 - iv. Kasischke: Gender Identity: What gender you identify yourself, most people match their assigned sex, but there are aspects where gender identity is different from birth assigned sex
 - v. Haisten: Transgender is someone who wants to live as their gender identity rather than socially assigned gender roles
 - vi. Kasischke: Gender nonconforming is when someone’s gender expression is different from societal expectations, not confined to a certain gender
 - vii. Haisten: Within the broad category between transgender there are people who identify as transsexual, identify completely as the other sex, will seek treatment to make their gender expression like the gender identity
 - viii. Kashiske: We are going to put up legislation in support of gender inclusive housing, statistics about people who have felt uncomfortable and who have been harassed about their sexuality, sexual preference, or gender identity.
 - ix. Gender inclusive housing is not necessarily for gender-nonconforming individuals, also for people who wish to live with someone of the opposite sex
 - x. Smith: Out of curiosity, what percentage of the student population considers themselves transgendered?
 - xi. Kasischke: Its difficult to gauge, because its not something you ask freshman coming in, general statistics says a general umbrella of 10 percent in the queer umbrella
 - xii. Fife: This is something that the gender and sexuality center is talking about, we have seen more transgendered students in the past semester then we have seen in the past five years

V. Open Forum

a. Cindy Fisher UT Libraries

- i. 24/5 First Wednesday 100 people entered from 5-6 AM, 600 people from 2-3 AM inside. 3-4 AM 414, 4-5 144 people. First day. We have seen increases. It seems like Tuesday and Wednesday night are the biggest nights people are studying.
- ii. UT Libraries is offering classes towards the end of the semester
- iii. Movember styles on bearded gentlemen in electronic copies

VI. Ex-Officio Reports

a. Michael Redding, GSA

- i. Thanks to everyone who helped, volunteered, ran, walked our 5k, raised just over 5,000 dollars, will be getting those scholarships out in the spring hopefully
- ii. We have been working on our SAGE platform, national organization of graduate student coalition, fall conference is coming up in two weeks, working on a federal platform, if you know of federal issues that you would like to send our way shoot me an email
- iii. Voting on fall break resolution tomorrow
- iv. 2-3 others that I cannot remember off the top of my head
- v. Working on the implementation of our previous ones, also one you will be considering tonight about the crosswalk
- vi. Graduate Advising
- vii. Career center

b. Michael Morton Senate of College Councils

- i. Four new pieces of legislation
- ii. Family paid medical leave, if you are having a child or your spouse is you do not get maternity or fraternity leave, it's a state issue, working on getting that for families or parents/spouses who need to spend time with loved ones but cannot for financial reasons
- iii. Plus/Minus grading, specific regard to exact policy that the University has, unclear between registrar and faculty members, calls for clarification spelled out in all syllabi, specific grade scale used for the course
- iv. Transcript fees- last year alone there were over 106,000 requests for transcripts, calls for a different way to pay for that, if you know you will be paying for a lot of transcripts, we will be proposing an optional fee of 15 dollars that will provide an unlimited amount of transcripts, or 10 dollar per, cheaper to do that for just one

out to students, keep our org transparent, let them know what we are doing, so why not just require future exec alliances to do so? Transparent and accountability is really important, that's why we got this bill, look to pass this soon

- ii. Love: It's a good idea to have these online. I have two questions, great initiative, do you think its necessary to require this? They are good on volunteering, it's a good thing, do you think its required to volunteer, do you think it should be required rather than just encouraged?
 - iii. Fuller: IT should be required, US Constitution required the president to give the state of the union, its great to think they will do it, but you never know, we should require it
 - iv. Love: I don't know how long this bill is going to be in effect, is there a way to change the means of dissemination from YouTube if its necessary?
 - v. Fuller: Yes, its written within the bill, there is wiggle room
 - vi. Love: Are you proposing like a state of the union address or any number of updates they want
 - vii. Fuller: Section 2 read, says it specifically, pretty broad they can do what they want
 - viii. Pickei: Can we get this mandated sent to every student
 - ix. Brown: Something in the past we have done we have been working to get those informational sent out, some of those go to spam, different things happen
 - x. Metoyer: The mass email account doesn't allow for video embedding, we don't like to embed it, it doesn't allow us to gauge the number of students who have watched it
 - xi. Fuller: Section 3 says SG shall make every effort to publicize
 - xii. Zhao: Speaking from somebody who likes to examine social media and its effect on the public, and knowing that bills are kept with the intention of changing the language forever, do you think its important to have a reference to something that is
 - xiii. Brown: Yes
 - xiv. Houston: Require four addresses a year, why limit it to video?
 - xv. Nichols: What thought did yall put into as far as people with video fright, don't like to be on video, what thought did you put into like a typed speech
 - xvi. Fuller: There is a huge personability issue with making a video
 - xvii. Nichols: Does bill powers care when he sends out his addresses?
 - xviii. Committed to Rules and Regulations
- b. AR 17 -- In Support of a Fall Break to Increase Productivity

- i. Houston: Point of Information is this being fast-tracked or not?
- ii. Zhao: yes
- iii. Rady: I am back with a piece of legislation supporting fall break, unanimously passed the calendar committee, send proposal to executive staff of faculty council, then goes to faculty council, some changes on the legislation this time around, put some of the negatives in the legislation, couple changes in terms of advising, two days off of advising in the middle of October, reading roundup moved, which is doable, gone to texas would have to be moved, which is also doable
- iv. Guest: It has been turned down before, we are confident that it should be passed, consensus is in support, the only resistance we really have is from the college of natural sciences, strong in stance with the labs, committee showed that the benefits far outweigh the negatives,
- v. Vincent: First question I have was I know lab schedules were affect, solutions?
- vi. Rady: Accreditation: Rival schools, Michigan, we work on a 12 week semester with labs, comparison schools are at eleven week semesters, we are at 12 ,faculty council is afraid of change, its been this way for 40 years, Harvard as 10 weeks
- vii. Vincent: Why is that an incentive for UT to change, if it is not necessarily the number of weeks, changing the lab schedules as opposed to changing the number of weeks
- viii. Rady: They didn't know about the competitor school schedules
- ix. Guest: 12 weeks to be accredited, showed them rival schools with 11 weeks or less, didn't respond to email, with the examples we have set up, all of the other problems can be moved
- x. Millkan: Implementation?
- xi. Rady: Fall 2014
- xii. Houston: Coming from the architecture school, we always end up working through thanksgiving break, its short and they give us work, what was the logic behind
- xiii. Rady: 80 percent of the fall semester has already taken place by thanksgiving, large no break period between labor day and thanksgiving, TAS grade papers, prepare lectures, allow students to catch up, catch a break, fall break could be a good change for the school
- xiv. Love: What can we do to help move this along, it looks like yall are really kicking butt on this

- xv. Guest: Show support for the faculty council, shot down this idea really quickly before, trying to get it past the general faculty council
- xvi. Pickei: Why has it been?
- xvii. Rady: In the past it hasn't had this much support, it has never been seen, I have to give credit to Diane Bailey, chair of calendar committee, no other chair has done this much for it, her being in that position has done so much for this
- xviii. Vincent: Do we have anyone in faculty council in terms of administrators to show support
- xix. Brown: Wills and I are on it, want to see if we can have students come
- xx. Pickei: What has Sasha Kopp said about it?
- xxi. Rady: He was one of the guys that didn't respond to the email after the labs with the competitor schools
- xxii. Stewart: Will it pass with those members in that school, six representatives from natural sciences, it would still pass by a large majority if they all didn't support it
- xxiii. Wilson: Move to suspend the rules and move AR 17 to old business, approved by hand vote
- xxiv. Love: Motion for a 2 minute recess
- xxv. Love: Haven't had a chance to read it, want to discuss with authors
- xxvi. Approved by hand vote
- c. AR 18 – In Support of Establishing a Gender Inclusive Housing Program at the University of Texas at Austin
 - i. Kashiske: Providing a safe and habitable space for students with gender specific issues, lots of public and private universities already do this, a lot of statistics about students who do not feel safe
 - ii. Fife: Housing itself is looking around campus and deciding what facilities would work for this, working as if it is going to approved, this would be an opt-in program, safer for transgender and gender nonconforming students, a lot of people are doing this, it is us staying in touch with the times
 - iii. Smith: Any goal for percentage of housing?
 - iv. Kashiske: Other schools, 20 beds, a hallway of maybe ten rooms designated for gender inclusive housing, RAs are trained for the aspects, just a hallway, no more than that, 10,15 20 rooms,
 - v. Fife: We are leaving that to housing, they would know what would work best
 - vi. Guest: Proposing a pilot program to get information before actually implementing

- vii. Kashiske: The major problems they have had with this is only typical roommate issues, not gender specific issues
- viii. Vincent: Next school year, quick, receptive conversations?
- ix. Fife: Safety issue, aiming for as quick as possible
- x. Love: Does it concern you that it could become a designated space of harassment
- xi. Houston: We have incidents where that does occur, this program would not be broadcast as that space, they are kept as safe as possible and our communities are as accepting as possible. We have issues where people act out, wing meetings, hall coordinators, disciplinary actions
- xii. Love: There are measures to insure that there is not a target placed on this
- xiii. Kashiske: Talked about jester, concerns, decided a smaller more conservative area, safe space, location and implementation
- xiv. Committed to Student Affairs
- d. AR 19 – In Support of Healthy Vending Machines
 - i. Spaniol: Last week I met with a lady named Clair moore, sits on wellness committee, working on health vending machines now
 - ii. Work through this place canteen, they already have an initiative, it would be easy to implement. Looking to put 5 on campus,
 - iii. Kraut: Work through a company that has really specific guidelines, really health natural food
 - iv. Vincent: Where do those guidelines come from?
 - v. Kraut: Its on their website, canteen.com, made by company
 - vi. Committed to Student Affairs
- e. AR 20 – In Support of Amending the College of Liberal Arts Dean’s Honor List Policy
 - i. Fuller: I am looking to have everyone support this, currently students taking 12 hours in the college have no chance of being recognize on the honor list, 4.0 48 grade points, will not be recognized,12 hours is full time
 - ii. Vincent: Why is it only 13 hours
 - iii. Fuller: Traditionally it is based off the 15 hour
 - iv. Kasischke: How does it compare with other colleges and schools
 - v. Fast tracked and approved by hand vote
- f. AR 21 – Regarding the Need for a Crosswalk at the UT Administration Building
 - i. Peker: This mimics a piece of legislation that was considered in GSA, written by Virginia

- ii. Virginia: This legislation affects both graduate and undergrad students, I represent the school of information, 2,000 plus undergraduates, 7th highest number of any college or department or school, a lot of students come to our building, if you try to cross Guadalupe, it could take 4 to 5 minutes, people speeding, want to get a cross walk put in, recently petitioned the city, said there wasn't enough traffic to put a cross walk in
 - iii. Love: What is the estimated cost?
 - iv. Virginia: IO don't know the cost, it depends on what they do? WE are requesting hybrid flashers, we originally requested a simple sign
 - v. Love: Too simple for the city?
 - vi. Virginia: City transportation would like to see a hybrid flasher in the area. The city has estimated costs
 - vii. Redding: Have you talked to the city since the pedestrian fatality in the crosswalk?
 - viii. Virginia: No, I did not know that happened, the bicycle was at 4 in the morning, but still it is important
 - ix. Vincent: You say they shot it down last time because there wasn't enough traffic to warrant putting it in?
 - x. Virginia: We were contacting them for three months, I finally made some calls, talked to someone on the phone, got a phone call saying that they had declined, specific date at specific time, Friday afternoon, didn't happen
 - xi. Committed to legislative affairs
- XIV. Announcements
- a. Vincent: Kenton, Myself and Ugeo: Tejas ransom notes coffee Thursday 9pm Tejas house 2600 Rio Grande
 - b. Wilson: Harvest moon benefits the Arc, if you want tickets talk to me
