AR 28: Establishing that e-CHUG online alcohol self-assessment program is a requirement for first-time entering students to view semester-end grades

Trinh: The last two points are "therefore be it resolved," a few other changes were made to the resolution after LPC

Stanis: Is this entirely confidential?

Trinh: Yes, this is completely self assessed and should be used for personal use

Stanis: Do you know how they will stop the survey from being linked to the student?

Trinh: It is anonymous and is used for the individual.

Spencer: Is there a way they could add information?

Trinh: The results of the survey are longer than the actual survey. It shows statistics of how you compare to other university students

Longoria: Move to approve by acclamation

Seconded

No Objections

Approved

XIII. New Business

AB 32:

Windle: This bill changes the number of students in a college that determines their representation in Student Government.

Brummett: This will go to assembly rules

Solomon: Will this need to be approved by a constitutional amendment?

Brummett: Yes

AR 29: University Support for Loan Repayment Assistance Program for UT Law Public Interest Students

Lee: This resolution is to support law students who take lower paying jobs and have difficulty paying back loans, we want the support from SG and hope to work with the university's administration

AB 33: Amendment to the Student Government Election Code

Sanchez: SG has to make sure that the ESB is doing their job. This bill allows the ESB to file claims against tickets to serve more as a watch-dog rather than having to sit back

Stanis: Have you ever heard of a board that can file a complaint when they are in charge of hearing complaints?

Sanchez: No, this process has to be very clear, I just want to make sure that the ESB is proactive, changes will be made to the current bill

Brummett: This will go to the elections committee
