AR5: Resolution Honoring Tany Norwood

-Cincceros reads AR5

-Floor is open for comments

-Stanis-Thanks for all your hard work and dedication. It takes a great deal of hard work to do your job and we appreciated you late nights and early mornings. You are truly an amazing woman.

-Rugoff-I know that I could not have done any of this without you, without your institutional knowledge, your wisdom, your hugs, and your amazing smile. The friendships that you have made with your students are not because of your title or position, but because you truly love and cherish your students.

Autry-I have not know Tany that long in all honesty, but when you first meet her she seems like you have known her your whole life. When people say that her advice is invaluable, it is not all the way true, you can put a price on it. This year she saved \$5000 for students with her advice about the SG retreat.

Thornton-I am somewhat like Evan, I really have not know Tany long either. I have learned that you don't have to know Tany, you just need to know how she infects others with her presence and you see this in her students and leaders she has touched all across this campus

Stoldhandske-When your will collapses or you fall down on someones floor Tany's door was/is always open. Thank you for being that blessing.

I never would have been able to do my job in student government had I not met Tany. She stuck by every bill and resolution during our administration and I wish her the best of luck in all of her future endeavors.

Jid-I want to thank Tany for all that she has done. The University is a very interesting

place, but if you ever need to talk to someone without feeling like you would be judged, Tany was that person. If you ever needed to talk about your thoughts your feelings or how you were going to handle a situation. Tany was a pivotal person. I just want to say thank you.

Tany is asked to come up to the front

Motion to approve this resolution by acclamation

Motion seconded

Motion passes unanimously

Tany is presented with the resolution and a gavel

Tany: I feel like all the good things you have said are because you have given to me, not the other way around. You all are my family and like many of you said this is not good bye just see you around. I will come back and when I do it won't be as bad because I won't have to get up early Wednesday morning and drive home.
