

15.1.42 No. 10.

Air Ministry No. 6108

AIR MINISTRY COMMUNIQUE

Aircraft of Bomber Command were over North West Germany in force last night. Hamburg, Emden and other German ports were bombed. At Hamburg, which was the main objective, very large fires were left burning in the docks and shipyards.

Attacks were also made on the docks at Rotterdam and on enemy aerodromes in Holland.

Five of our aircraft are missing from these operations.
