

R. C. Duchin

March 17, 1954

Mr. Robert P. Bryson, Chairman
Geologist Staffing Committee
Geological Survey
Washington 25, D. C.

Dear Sir:

Mr. Ralph Charles Duchin is not known to Dr. Lonsdale so he turned your letter over to me to answer.

Mr. Duchin is a student in one of my classes and is making a very fine impression. However, this is only the middle of the semester and I am not yet prepared to give much of detailed estimate of his ability. If you would ask again at a later date, my answer could be more specific.

Very truly yours,

H. B. Stenzel
Geologist
