Professor H.B. Stenzel,
Department of Geology,
Louisiana State University,
Baton Rouge,
Louisiana.

Dear Professor Stenzel,

Thank you very much for your letter.

I am very pleased that you didn't have so much rain whilst I was staying with you. I suppose 11.4 inches in one day is something worth seeing.

I had in fact remembered the oysters which you wanted and had just sent them off when your letter arrived.

Please give my kind regards to your colleagues. I have very happy memories of my stay in Baton Rouge.

Yours sincerely,

E. Denton
