Dr. H. B. Stenzel  
Bureau of Economic Geology  
The University of Texas  
Austin 12, Texas

Dear Doctor Stenzel:

I have another matter to put to you concerning the Pycnodontes. How many million years and to what geological period do they go back? I don't know of any volume I have around here that might give me that information. If you can let me have it, it will be appreciated.

With best wishes,

Sincerely yours,

Gordon Gunter,  
Acting Director
