Mrs. Thelma Guion, Librarian
Geology Department
The University of Texas
Austin, Texas

Dear Thelma:

It has been a pleasure to see you again, even if it was for only a half hour. I am writing this letter to remind you that you promised to send me a copy of the several mimeographed sheets containing a list of the periodicals in the library of the Geology Department.

They say competition is the life blood of commerce. One can enlarge that epigram to: "Competition is the life blood of excellent libraries".

Best wishes.

Sincerely,

H. B. Stenzel
Visiting Professor
