

November 3, 1941

Mr. Leo George Hertlein, Assistant Curator  
Department of Paleontology  
California Academy of Sciences  
San Francisco, California

Dear Sir :

I am in receipt of two pre-prints entitled "Pliocene Correlation Chart" and "Characteristic Fossils of California". I believe that these separates were sent by you, although it is not quite clear from the package which I received. In any case I would like to express my appreciation for having these very fine two articles in my library. Needless to say I am very much interested in this material which comes so close to the work which I am trying to do here in Texas.

Very sincerely yours,

H. B. Stenzel, Geologist
