

Dear Dr. Skuzel,

October 3, 1946
1725 San Pablo St
Berkeley, 2 Cal

I wonder if I might ask a favor of you. In order to help reduce the cost of food I have applied for a non-resident membership in the International House in order to board there and to mingle with students from foreign countries. Non-resident or resident membership is required of all students who board there. I am required to furnish two character references, and I wonder if you would be so kind as to submit directly to the International House such a letter. You may remember that Hesse stayed there when he was getting his master's degree. It is a house primarily for foreign and graduate students and has facilities for their getting together and discussing subjects of common interest.

You may address the letter directly to:

Admissions Office
International House
Berkeley 4, Calif.

Thanking you in advance, I am

Sincerely yours,

E. Hulbut
