Dr. Remington Kellogg
Division of Mammals
U. S. National Museum
Washington, D. C.

My dear Dr. Kellogg:

Please find enclosed carbon copy included in your letter of October 7. I have added only a few corrections.

You might mention my new report which is possibly going to be published together as before your report is finally printed. The report will have the following title: H. B. Stansel, Geology and Mineral Resources of Leon County, University of Texas Bulletin (in preparation).

Very sincerely yours,

H. B. Stansel, Geologist
