Dr. H. B. Stenzel  
Department of Geology  
Louisiana State University  
Baton Rouge, Louisiana 70803

Dear Dr. Stenzel:

First, let me belatedly express my thanks to you for the information which you sent to me last fall. It has been of great help to me in my study of the Moodys Branch.

I wonder if it would be possible for you to send me a clearer copy of J. E. Wilson's columnar section of the Caddell Formation in Angelina County, which was Enclosure 2 of your letter of September 19, 1969. Some of the detail is unreadable and part of the legend is cut off of the copy you sent.

Also, could you give me a reference to a quotation by Brundall which appears on page 7 of Wilson's manuscript (your Enclosure 4). The manuscript states that the reference is on page 4, which I do not have. Has Wilson ever published any of this information?

I am sorry, but I have been unable to locate the maps which you mentioned in your letter.

Sincerely,

Don R. Anderson
