Dear Dr. Stenzel:

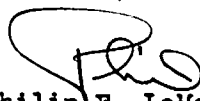

The University of Texas Publication No. 5019 dated October 1, 1950 has been received. I wish to thank you very much for sending me a copy on its release.

Our Choctaw County manuscript is still at the printer's, however, the first proof has been promised to us the end of this week or the beginning of next. I will send a copy to you as soon as it is available.

Have you any plans for a visit over this way in the future? If so, please advise as Lyman Toulmin and I are now working in Wilcox County and we would be glad to have you drop by and spend a few days with us.

Best regards.

Sincerely yours,

Philip E. LaMoreaux
Geologist in Charge
