Dear Dr. Stenzel:

Thank you for your letter of May 15th and the summary of the ecological part of the Potamides watsoni paper by Stenzel, Turner and Hesse. It makes very interesting reading and I am delighted to have your permission to use it in our next Committee report.

I shall be returning to Austin one of these days and I will certainly let you know in advance so that we can have a visit.

With best regards,

Sincerely yours,

Harry S. Lead
