

DR. R. LAGAIJ

Wassenaar, 29th May 1960

Dear Dr. Stenzel,

Thank you very much for your kind message of May 9th.

I am sure glad to hear that you will be visiting the Copenhagen Congress. For this implies that your days of adverse health are over. This is, too, why I rejoiced so much upon seeing your picture in the Journal of Paleontology the other day, and upon reading about the honour and award that went with it. Please accept my belated congratulations.

Yoke and I should be delighted to invite you over for supper while you are in this country on your way to the Congress. We could arrange to meet you at Schiphol Airport, and drive you home via the Hotel, if you should wish so, and if this would not interfere with your other plans. But all this calls for some carefull planning of the date, since arrangements have been made for me to be in Marseilles during the second half of July. We should be grateful, therefore, if you would keep us informed of your final itinerary and plans.

With all good wishes,

Sincerely yours,
