

August 30, 1948

Mrs. Esther R. Applin
c/o U. S. Geological Survey
P. O. Box 1233
Tallahassee, Florida

Dear Mrs. Applin:

Thanks very much for your letter of August 22. Your fossils are still on my desk unstudied. I have been out of town most of the time since you left town and have not been able to do any homework. However, this seems to be over, for a while at least, so that I may be able to look at your material.

I am glad to hear good news from Dr. Reeside. As you know, I would appreciate it greatly if you were to keep me informed about any fall field trip that might be arranged.

With best regards,

Sincerely yours,

H. B. Stenzel
Geologist
