514 Will-o-wisp way

Jackson, Miss.

Dear Doc:

Sorry we are late answering the note on your card but have been busy along with considerable company over the holidays.

Beeby received the stuffed dog you sent and has really adapted it as her favorite playmate. She sends her thanks!

Both sets of Grandparents visited us over Christmas and had quite a homeful for a time. Hope that you enjoyed the holidays also.

The oil business has slowed down over this way, which is unusual for the last month in the budget year - Money is usually spent before the eleventh month. Shows signs of picking up already.

When does your teaching semester begin? Hear you are going to identify some Crest fossils for us when you find time. At the present time I get to Pensacola at least once a month & during the summer about twice. The beach and Beeby influence

the frequency of visits during the summer months.

We are in the throes of trying to get our yard grassed and landscaped. It is funny what man does go to, to get the grass growing and then during the growing season wonders why he has to work so hard to keep the grass cut.

Hope to hear from you soon and see you if either I get over that way or you get over this way.

Our best regards,

G. L. Lyth & family
