Dr. C. L. Moody  
The Ohio Oil Company  
605 Commercial Bank Building  
Shreveport, Louisiana

Dear Dr. Moody :

In writing a small report on an area in the Tyler basin I have to refer to the several sand bodies in the Queen City formation. You named, but did not publish, the Arp sand. Is the Arp sand above or below the Omen glauconitic sand?

I would appreciate your remarks on it and hope you do not object to my publishing the name.

Sincerely yours,

H. B. Stenzel, Geologist
