Dear Henryk:

One of your admirers there at Austin stopped me at the AAPG meetings in St. Louis to ask if I would please send you a copy of my INTRODUCTION TO HISTORICAL GEOLOGY, embellished with my signature (I'm not sure how or why that cuts any ice), and send him the bill. This last I cannot very well do but on assumption that you are interested in having a copy, I am glad indeed to send you one on my own account. I have just obtained a couple from New York and am sending one to you and one to Helen Plummer.

I doubt whether either of you have very much use for an elementary work of this sort but hope that you will find it interesting for personal reasons.

With cordial best wishes, I am

Sincerely,

A handwritten signature in cursive script that reads "Ray".
