Dear Dr. Menzel:

Enclosed is my share of the manuscript on the oysters. I hope you like it.

I would suggest changing the title of the paper to: Chromosomes, Hybridization, and Taxonomic Implications in some Oysters by Menzel and Stenzel.

My portion of the manuscript has a literature list in the style of Science, except that the index numbers have not yet been entered in the text itself, because you may have literature to add on your portion.

With best wishes

Sincerely,

H. B. Stenzel
Visiting Professor

Stenzel ms. (14 pp.)
