16 September 1969

Dr. Henryk B. Stenzel  
Department of Geology  
Louisiana State University  
Baton Rouge, Louisiana 70803

Dear Henryk:

Thanks very much for your letter of 11 September 1969 accompanying return copy of part of your typescript for Treatise oysters. You have correctly interpreted my unexplained question marks and made other changes which improve your chapter.

A few <sup>pages</sup> need further review by you, as indicated by copies with my red-pencil notations. Please return these so that proper entries may be made on your master typescript.

Other changes which you have requested now are duly entered on the master.

I hope that we may get all this "wound up" soon.

With best wishes,

Sincerely,

Raymond C. Moore
