Professor Mitsuo Nakano  
Institute of Geology and Mineralogy  
Faculty of Science, Hiroshima University  
Hiroshima, Japan

Dear Dr. Nakano:

Thank you very much for sending me copies of your publications, which I shall read with interest.

At present I am engaged in studying the family Ostreidae, which seems a very difficult task. Could you have the kindness to send me the name and address of Japanese zoologists who are familiar with the living Ostreidae of Japan or the western Pacific? I would like to correspond with them and ask questions they might be able to answer.

Very truly yours,

H. B. Stenzel
