Dear Dr. Stenzel:

Mr. B. K. Huckaby of Bryan, Texas brought me a Crinoid fossil which he found thirty years ago on a farm on the W. J. Louis League about three miles East of Edge, Texas. I persuaded Mr. Huckaby to leave it with me in order to send it to you. You will note that we have placed our acquisition number 2350 on it. If this is new to you please describe it if you so desire. If it has already been described write that fact to me.

I am sending it under separate cover, insured.

With kindest regards, I am

Yours very truly,
