Dr. Henryk Stenzel
3726 Colquitt
Houston 27
Texas

Dear Henryk:

I am in receipt of a letter from Dr. R. C. Moore requesting a realistic estimate of the terminal date for all outstanding manuscripts for the bivalve volume of the Treatise. Can you give me an opinion as to the probable terminal date of the manuscripts for which you are responsible. This will be deeply appreciated.

Sincerely yours,

A handwritten signature in cursive script that reads "Norman".

Norman D. Newell
