Re: Mr. and Mrs. Pequegnat

I note that they are planning to arrive at an indefinite hour Friday afternoon. We have a formal lecture by Dr. Charles Behre at 3:40 P. M. Friday (The Atwater Series) so we cannot schedule another lecture the same afternoon. When you talked to me I did not realize that the Behre lecture was not on Thursday. Friday night is not a good time for a formal lecture -- if it can be avoided. I suggest that you invite them to visit with a group of interested students from paleontology and Gulf Coast classes on an informal basis. Also, Harry Bennett may have some interested students. I imagine these people are on expense account anyway and would be delighted to speak in this way. Thus we would not be sponsoring a formal talk. Even so, Lill can arrange a room in Pleasant Hall if you wish. (the Department can pay for it if desirable).

Clarence

P.S.- I shall be in Waco Thursday - Sunday.
