

UNITED STATES
DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY

July 9, 1945

Dear Stenzel:

Your air-mail letter arrived this morning and it seemed to me the simplest procedure to forward it to Prof. Singwald - it was a clearer statement than I could have compiled.

I do not know what steps the University will take now - there is not so much time before the opening of the school year to look around.

With best regards, I am

Sincerely,

John B. Reeside, Jr.
