

VACUUM OIL COMPANY, INC.  
NIELS ESPERSON BUILDING  
HOUSTON, TEXAS

Box 696, Giddings Texas  
Sept 20, 1931

Dear Stenzel:

Am just in receipt of page proof which I am passing on to you to read. While you are doing this I shall send to Staunton and get a better location for that Edge locality and I shall then read the proof. You send it back to me here at Giddings as soon as you have checked it over so that I may examine it.

I note that you changed the title. It is C.K. but "on" the Brazos is incorrect. Since we have described the geology over a considerable scope of country we should not use on, "along" or "~~at~~ in the vicinity of" is much better.

You will now have opportunity to insert that Berry reference.

Please return page proof to me here at your earliest convenience.

Sincerely yours,  
Denick
