Mr. H. B. Stenzel,
A. & M. College,
College Station, Texas.

Dear Stenzel:

We had a very satisfactory meeting in Corpus and I am sorry that you were unable to attend.

The illustrations which I used are being sent to you under another cover. I have no further use for them in this office and it occurred to me that in connection with the teaching work at College they might be desirable, and I am therefore turning them over to your Department of Geology. Should I ever need them again I shall borrow them from you.

I desire to take this opportunity to thank you for the fossils on the Claiborne of Alabama, which I have unpacked and examined. I appreciate having these specimens very much.

With best regards,

Very truly yours,

B. Coleman Penick.
