

RICE UNIVERSITY

Houston 1, Texas

Office of the Chancellor

December 13, 1962

Dr. H. B. Stenzel
3726 Colquitt
Houston, Texas

Dear Dr. Stenzel:

This will confirm in writing the arrangements which we have made through earlier conversations for you to continue as Visiting Lecturer in Geology for the second semester of the academic year 1962-63 on precisely the same basis as was operative for the second semester of 1961-62 -- that is, for a total stipend of \$2,000.00.

It was a pleasure for me to learn that you were willing and able to continue this valuable service to the Department of Geology and to Rice University. The other members of the department share in my appreciation for your assistance.

With best wishes, I am

Cordially yours,

Carey Cronis
