Dr. Hubert G. Schenck  
Stanford University, California

Dear Schenck :

Please accept my thanks for the three recent reprints entitled "Acila princeps, a new Upper Cretaceous pelecypod from California", "Stratigraphy of northern South America, Trinidad, and Barbados (review)", and "Eocene stratigraphy in western Santa Ynez Mountains, Santa Barbara County, California."

I am very glad to have these interesting papers.

With best regards,

Sincerely yours,

H. B. Stenzel, Geologist
