

THE UNIVERSITY OF TEXAS  
AUSTIN

January 19, 1933

Dr. H. B. Stenzel  
Department of Geology  
A. & M. College  
College Station, Texas

My dear Stenzel :

Your letter of January 18 is at hand. I think it quite all right to make application for continuation of your work. You may use my name in reference. It happens that two applications will go from here, both of which will also use my name.

Thanks for the check. The maps are being sent by separate mail.

With best wishes,

Very sincerely yours,

E. H. Sellards, Director  
Bureau of Economic Geology
