Dr. H. B. Stenzel
Bureau of Economic Geology
University of Texas
Austin, Texas

Dear Dr. Stenzel:

The South Texas Geological Society as a whole, and I, personally, wish to extend to you sincere appreciation and thanks for your paper on the "Relationships of the Carrizo Sand" during the technical session of our meeting in Austin and for your excellent descriptions and explanation of outcrops during Saturday's field trip. The subject data of your paper and the field trip were the outstanding features of the meeting.

Very truly yours,

Fred P. Shayes
