

UNITED STATES  
DEPARTMENT OF THE INTERIOR  
GEOLOGICAL SURVEY  
WASHINGTON

January 27, 1932.

Dr. H. B. Stenzel,  
Agricultural and Mechanical College,  
College Station, Texas.

Dear Doctor Stenzel:

I have received your letter of January 17, in which you state that you have applied to the Division of Geology and Geography of the National Research Council for a second grant-in-aid to enable you to continue your work on the paleontology and stratigraphy of the lower Claiborne in Texas. I have taken pleasure in recommending to Doctor Twenhofel that your application be given favorable consideration.

I am glad to know that you are making progress on this project and I hope that you will be able to complete it during the coming year.

Yours sincerely,

*L. W. Stephenson*

Chief, Section of Coastal Plain  
Investigations.
