Dec 13

Dear Doctor Stenzel :

In accordance with your inestimable advice I am going to ask all that the traffic will bear . In other words the asking price is 4500 same as for you and Barnes with no insult intended . Of course from what I learned in Berkeley I should really cut your throat. The opportunity was wonderful. I will be along in a few days and give you the dirt on a couple of items and see what Lonsdale thinks about the price.

Regards

*Earl*
