Dear Henry

Well I guess you have waited a long enough time to hear from me so I shan't waste too much of your time. I have been with Sohio now since I got out last Feb. I'm in the geophysical dept. which isn't geology but still its better than I imagined. I'm in line now for an interpreter's job and its a pretty good deal. I have been planning to come to Austin for about a month now but we have been working Sat. and Sun. so its been out of the question.

Now for the part where you can do me a favor if you can possible arrange it. I was wondering if you could get me two and I hope four tickets to the Texas Univ. and Oklahoma Univ. football game . They play in Dallas the weekend of the state fair and it would really help on some contacts to have those tickets available. I'm enclosing a check for 4 tickets so do what you can about getting them.

Sincerely yours

*Wilton*
