

UNITED STATES
DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY
WASHINGTON

October 7, 1935.

Prof. H. B. Stenzel,
Bureau of Economic Geology,
The University of Texas,
Austin, Texas.

Dear Professor Stenzel:

In reply to your letter of October 2:

I have requested that charts for the following States be sent to you: Texas, Oklahoma, Arkansas, Louisiana, Mississippi, Alabama, Florida, Georgia, South Carolina, and North Carolina. As you know, a great deal of work has been done in Texas and Oklahoma since the charts for those States were compiled, and a revised edition (which I have not, at present, time to undertake) would involve many changes and many new names.

Yours very truly,

M. Grace Wilmarth

Secretary, Committee on
Geologic Names.
