

December 21, 1938

Mr. A. C. Wright, President
East Texas Geological Society
P. O. Box 2037
Tyler, Texas

Dear Mr. Wright:

Thank you for your kind letter of December 19 setting January 13th as tentative date for the meeting of the East Texas Geological Society. This date is convenient to me. All the other arrangements which you have mentioned are quite all right, too.

I hope to be in Tyler early enough so that I may have the benefit of conferring with you about the field problems which I mentioned recently.

Cordially yours,

H. B. Stenzel, Geologist

HBS:MLL
