Dear Dr. Zöbelein:

Our librarian reports that the publication listed below cannot be found in any library in the United States. To judge by its title, the publication is probably of some value to my work on the Ostreidae for the Treatise on Invertebrate Paleontology.

Could you please have the kindness to obtain a copy of this publication for me? If it is possible to buy this Heft of the "Aus der Heimat," I would be glad to pay for it.

With many thanks for your cooperation.

Sincerely yours,

H. B. Stenzel
