Dear Henry:

Enclosed is ~~a copy of~~ *Singswald's* reply to my correspondence regarding the position at Hopkins. To say I am disappointed is putting it mildly. I resent Singswald's action in drawing me out at great length, giving the impression you were under serious consideration, and then saying Iokes had already been negotiated with. Frankly, I believe you can do better, not because Hopkins is not a good school, but on account of Singswald. He definitely would be hard to get along with. Incidentally I had a nice though short note from Redside. I believe he is quite friendly toward you. Why not write him asking if he knows of any suitable openings? I know the Survey frequently is asked to make recommendations. Let me know if I can be of any assistance.

Sincerely,
John

P.S. I am sending Redside's note
as well as Lingenold's. Please return
both of them for my files.

About the G.S.L.-W.R. assembly -
I feel we are obligated to give Cronin
a chance to attend. He may turn it
down, or already be engaged. If he
is not able to go then we'll have to find
another good man.

J.P.
