

Key West, Fla.,
Feb. 5th, 1938.

Dr. Henryk B. Stenzel,
Box 151,
College Station, Texas.

Dear Dr. Stenzel:

I have noted your name in the
Naturalists' Register as being interested in ex-
changing marine shells.

Am enclosing my list, and trust
that we will be able to arrange an exchange, pro-
vided there is anything thereon you can use.

Will appreciate your early reply,
as I am planning to leave for the west coast of
South America early in the spring, and am anxious
to dispose of the local duplicates I have before
that time.

Looking forward to hearing from
you soon,

Yours sincerely,

A handwritten signature in cursive script, reading "Mrs. M. Calleja", written over a horizontal line.
