

15.2.42. - No. 1.

RANGOON COMMUNIQUE

On the Salween front after heavy fighting in the Paan area for the last two days the situation is becoming quieter on the whole front. Details of our casualties are not yet available but it is known that considerable casualties have been inflicted on the enemy during the last two days.

No air raids over Burma were reported during the past night. In the morning Allied fighters made a defensive sweep over the Moulmein area. Reconnaissances over enemy territory were carried out during the day by our aircraft.
