

OFFICIAL ADMIRALTY COMMUNIQUE

Submarines of the Mediterranean Fleet continue to inflict loss upon the enemy.

One large and one medium-sized supply ship have been definitely sunk, another medium-sized supply ship has been torpedoed and it is probable that this ship also sank.

One of our submarines reported having fought a spirited gun action with an enemy armed trawler. The armed trawler was hit by at least 15 shells and the crew were abandoning ship when our submarine was forced to dive by the fire of enemy shore batteries.
