

12/5/42 - No. 6

CONDENSED MILK FOR LABOUR AND FORESTRY CAMPS

The Ministry of Food has made arrangements to provide unsweetened condensed milk without surrender of points coupons for labour and forestry camps, and other establishments or persons who, by reason of living or working in remote districts, are unable to obtain liquid milk. Applications by persons wishing to benefit by these arrangements should be made to local Food Offices.

Condensed milk will only be issued under these arrangements where liquid milk is not available. The scheme does not apply to persons who, though able to obtain liquid milk, would prefer to take condensed milk instead. It does not apply to schools, since these benefit by the arrangements for the supply of full-cream milk powder.
