Dear Mr. Brice,

Many thanks for your letter of yesterday. Since writing to you I have been in correspondence with Mr. J.N.L. Myres and he knows now that you have been invited by me to complete the reading of the proofs of Scripta Minoa. He will, of course, be very pleased for you to consult any of Sir John's files. May I leave it with you to get in touch with him? I will do what I can to expedite the proofs.

Again with many thanks,

Yours sincerely,

Thoin Cordes
