MIDDLE EAST AIR COMMUNIQUE

H.Q., R.A.F., M.E.

13 August, 1943

R.A.F. Halifax and Liberator bombers attacked the railway sidings at San Giovanni during the night of 11/12 August. Bursts were seen in the target area, on railway tracks and near the train ferry terminus, starting many fires.

The same night Wellington bombers carried out an attack on Preveza on the west coast of Greece scoring hits on the quay.

Yesterday, an enemy sailing vessel was blown up and another left listing following an attack by Beaufighters on shipping in Paros Bay.

From these and other operations none of our aircraft is missing.
